## INTRODUCTORY.

---

In presenting this Directory to the public we have but one apology to offer, and that is for the unavoidable delay in its publication. We do not claim that it is perfect—no work of the kind ever was—but that it is as perfect as careful, competent canvassers can make it. Extra pains has been taken to get correct information, and to watch the “chronic movers” to keep their residence correct, down to the last moment possible.

That the work will please our patrons we are sanguine ; whether it may please the grumblers, who have not a cent invested in the book, we are careless ; that it may be a convenience to everybody, is the earnest wish of canvassers, compiler, and

THE PUBLISHERS.
