ITHACA

JANUARY, 1932

LOCATION—Ithaca, sometimes called in this section "Crown of Cayuga," and known far and wide as the home of Cornell University, is famous for three things: its wonderful setting at the head of Cayuga Lake in the midst of the Finger Lakes Region, its culture and refined atmosphere in all circles of business and social life; its educational institutions. Located in the heart of western New York State, it is 247 miles to New York City, 404 to

Cayuga Lake and Stewart Park

Boston, 675 to Chicago, 302 to Philadelphia, 37 to Elmira, 40 to Geneva, 20 to Cortland, 57 to Syracuse, 212 to Albany, 195 to Schenectady, 88 to Rochester. Area is 6 square miles.

TOPOGRAPHY—Many pages could be devoted to a description of Ithaca topographically. It is doubtful if any city in America has such a remarkable

Taughannock Falls

formation of level land, hills, cliffs, gorges and water falls. All this variety is so blended that it is almost inspiring to the visitor to pass from one spectacle to another. The view shown above is Ithaca's water front and lake. For a mile and a half from the shore the land is level and contains the business section of the city, railroad yards, stations, etc.; the heights are covered with beautiful homes, the extensive campus and buildings of Cornell University, some factories and even railroads which climb out of the city; the highlands of the city are gouged by great gorges beginning at the south with Buttermilk Falls Creek and Gorge 1 mile south; Coy's Glen 3 miles in length; Cascadilla Creek and Gorge, at lower end of Cornell University Campus; Fall Creek Gorge, north of Cornell University Campus. (A more complete description of these gorges and water falls, under Parks and Points of Interest—see index). The altitude of the main section of the city is about 800 feet, the highlands 1150 feet.

HISTORICAL—Ithaca was first settled in 1789. This was ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of Gen. Sullivan, on Sept. 23, 1779. These first white settlers founded Ithaca, named by Simeon DeWitt in 1795. The Cayuga Indians, one of the six Nations, preserve the legend of the Great Spirit placing his hand upon the earth to form this region of the Finger Lakes. Organized as a village in 1821. Incorporated as a city in 1888.

POPULATION—The present population of Ithaca is 20,716. In 1925 the state census gave 18,948. In 1920 it was 17,004, 1910, 14,802, 1900, 13,130, 1890, 11,072. There are about 90% native born with native stock predominating, about 5% colored. The student population of Ithaca is about 7,000, making a total population over 27,000. Growth last 10 years has been nearly 20 per cent.

MERCANTILE—Ithaca is a trading center of 60,000 people and has stores that compare favorably with cities much larger. Because of the University population and a community educated to want the best, the retail establishments carry merchandise equallying in variety and quality the stocks of stores in leading eastern cities. Wholesale houses distribute over a large territory. There are about 400 retail establishments, 15 wholesale, and about 275 professional offices. The merchants of Ithaca are noted for their service and courteous treatment which has done much to make Ithaca popular as a trading center for those living outside of the city.

INDUSTRIAL—By foresight of its public spirited citizens and the city itself many acres or square miles in and around the city comprising parks and playgrounds, scenic gorges and public lands adaptable as well for industrial purposes are available for all future time.

Educational advantages for industrial workers and their families, including a liberal policy provision for vocational education and training in the public schools.

Recreation and amusement of the people provided abundantly with sports and pleasures of every description. Lake and stream, gorges and water falls, swimming, boating, fishing, college, school and public sports of every description make a most attractive living environment for people engaged in high class industry. Not a large industrial center, but a very substantial and successful part of our community engaged in production have an unusual standard of living not possible in the large industrial centers. Therefore in this modern age, Ithaca is one of the most attractive places available for production plants requiring fine rail and water transportation facilities, high class labor, power and living conditions unsurpassed for contentment and happiness,

The Library Tower

Enfield Falls

Large corporations more or less national in scope find a very economic condition, much more so than in congested areas for establishment of their central offices, where abundant, intelligent, well educated employees are available for this kind of work. High standard of living at comparative low cost works to the advantage of both employer and employee.

The history of Ithaca for more than 100 years reflects a slow but steady growth, a well balanced attractive American city, where economic and cultural life grow side by side, creating one of the most attractive places in existence to live a full, happy and contented life.

Morse Industries

Those engaged in industry and the economic struggle breathe an atmosphere of culture and education that invariably results in the next generation seeking and obtaining both of these desirable things that equip them for a future that advances the whole population along rapid lines of progress.

FINANCIAL—There are 6 financial institutions with total deposits of \$20,000,000. The savings banks deposits are about \$8,000,000. The assessed valuation of the city is \$32,000,000. The per capita wealth is high.

EDUCATIONAL—Ithaca is among the leading educational centers of the state. There are 10 public schools and 1 parochial school. The school enrollment is 3,572 with 165 teachers and administrative staff. Cornell University, which is one of the great universities of North America is located on America's most beautiful campus overlooking the lower parts of the city and Lake Cayuga, and was founded in Ithaca in 1865 by Ezra Cornell. It includes colleges of Arts and

Ithaca High School

Science, Medicine, Law, Engineering, Architecture, the State Colleges of Agriculture, Veterinary Medicine, and Home Economics and a Graduate School, and schools of Forestry and of Hotel Management; occupies about 2400 acres of land and 60 buildings which with their equipment are valued at about \$13,000,000, while endowment adds about \$20,000,000 more to the resources of the institutions. The Ithaca College and its affiliated schools; The Ithaca School of Physical Education; The

Williams School of Expression and Dramatic Art; The Martin Institute for Speech Correction; The Ithaca Institution of Public School Music; The

Conway Military Band School; The Empire State School of Printing; The Empire State School of Engraving; The Cornell Tutoring School; The Cascadilla Tutoring School; The Edminster Preparatory School; The Practical Business School; The Educational Extension Service Co. Inc. There are four libraries as follows; Cornell Library is located in the heart of the business district and has an extensive service to the public; the Cornell University Library is located on the campus and has 700,000 volumes and includes several special collections having international fame; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H A Manning Co in the Chamber of Commerce rooms in Ithaca Savings Bank Building.

TRANSPORTATION—Ithaca is served by the main line of the Lehigh Valley Railroad and also by 2 branch lines; the Ithaca and Owego Branch of the Delaware, Lackawanna and Western Railroad has a terminus here. The Ithaca Traction Corporation serves completely within the city limits. Bus lines operating from a municipal bus terminal on East Green street connects the city with Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Auburn, Seneca Falls, etc. Ithaca is also the southern terminal of the New York State Barge Canal system and is provided with docking facilities for boats operating on the canal. It is the nearest New York State port to the anthracite coal fields of Pennsylvania. The Ithaca Municipal Air Port is one of the oldest in the state. Its development was started before the World War, and it has been used for test flying for new planes for many years. Ithaca is the hub of a network of highways such as make New York State famous. These highways carry a very heavy traffic for business and pleasure and especially in tourist season. The attractions of the scenic wonders of this region are drawing more and more tourists each year. The auto truck freight service is growing.

PARKS, PLAYGROUNDS AND POINTS OF INTEREST—The national topography of the land here makes the city a natural park. There are three public parks within the city, the largest of which is located at the lake end of the city and has recreation and athletic facilities, also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful parklike effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Creek and Cascade, Cascadilla Creek, Cayuga Lake, Coys Glen, Enfield Glen and Gorge, Fall Creek Gorge, Glen Springs, Ithaca Gorge and Falls, Lick Brook, Point Lookout, Taughannock Gorge and Falls, Watkins Glen.*

MISCELLANEOUS STATISTICS

—Ithaca has an aldermanic form of government. There are 55 miles of streets with 25 first class paved. The water works capacity is 350,000,000 gallons, with daily pump of 3,000,000 gallons. There is a good fire department with the volunteer system, and there are 12 engines and hose and hook and ladder trucks. The police department has 1 station and 20 patrolmen. There are 13 churches, 12 hotels with about 500 rooms. The Chamber of Commerce has surveyed the entire city rooming accommodations for conventions and has available this information for all who require it; the dining service for conventions of any size is adequate, Ithaca is a convention city. There is one public and one private hospital with a total of 140 beds.

Weather Signals

The weather and time signals will be a blast of from 15 to 20 seconds duration. After this warning signal, long blasts refer to weather and short blasts to temperature. Those for weather are sounded first:

- 1 Long—Fair weather
- 2 Long—Rain or snow
- 3 Long—Local rain or snow
- 4 Long—Heavy snow
- 1 Short—Lower temperature
- 2 Short—Higher temperature
- 3 Short—Cold wave

The regular signal is given at 12:30 every day.

Warning blasts, correct time 12:30

The Churches

WITH A TOTAL OF NINETEEN, representing all the leading denominations, Ithaca is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Ithacans of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

Church of the Immaculate Conception

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such

Information You Most Wish To Have The Public

Know

FIRST—What line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have

The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
