FOUNDED on April 3, 1868 by a group of the city's prominent citizens, under the leadership of Ezra Cornell, founder of Cornell University—it was originally housed in the wooden structure pictured above. After outgrowing the facilities of three locations—this institution in 1924 constructed the now familiar, five-story, fireproof Ithaca Saving Bank Building. Its progress from 1868 to the present has been exemplified by sound management and careful stewardship of the funds of depositors. The Ithaca Savings Bank has grown up with Ithaca—and has been a vital factor in the city's growth.

AS MUCH A PART OF ITHACA AS CORNELL'S BELL TOWER

Rothschild's, at the corner of State and Tioga, has in the past 54 years stood four-square in the heart of Ithaca . . . a landmark to a prospering business founded in 1882 . . . a reminder that Rothschild's has always stood "four-square" for RELIABILITY. With that as our watchword we have grown to importance with the city . . . and we hope to continue to earn your confidence and esteem by keeping RELIABILITY as the guiding thought behind every transaction.

ITHACA

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Ithaca's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 400 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

LOCATION—Ithaca, sometimes called in this section "Crown of Cayuga," and known far and wide as the home of Cornell University, is famous for three things; its wonderful setting at the head of Cayuga Lake in the midst of the Finger Lakes Region, its culture and refined

CAYUGA LAKE AND STEWART PARK

atmosphere in all activities of business and social life; its educational institutions. Located in the heart of western New York State, it is 247 miles to New York City, 404 to Boston, 675 to Chicago, 392 to Philadelphia, 37 to Elmira, 40 to Geneva, 20 to Cortland, 57 to Syracuse, 175 to Albany 170 to Schenectady, 88 to Rochester. Area is 6 square miles.

TRIPHAMMER FALLS, CORNELL UNIVERSITY

TOPOGRAPHY—Many pages could be devoted to a description of Ithaca topographically. It is doubtful if any city in America has such a remarkable formation of level land, hills, cliffs, gorges and water falls. All this variety is so blended that it is most inspiring to the visitor to pass from one spectacle to another. The view shown above is Ithaca's water front and lake. For a mile and a half from the shore the land is level and contains the business section of the city, railroad yards, stations, etc.; the heights are covered with beautiful homes, the extensive campus and buildings of Cornell University, some

factories and even railroads which climb out of the city; the highlands of the city are gouged by great gorges beginning at the south with Buttermilk Falls Creek and Gorge 1 mile south; Coy's Glen 3 miles in length; Cascadilla Creek and Gorge, at lower end of Cornell University Campus; Fall Creek Gorge, north of Cornell University Campus. (A more complete description of these gorges and water falls, under Parks and Points of Interest—see index). The altitude of the main section of the city is about 400 feet, the highlands 800 feet.

HISTORICAL—Ithaca was first settled in 1789. This was ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of Gen. Sullivan, on Sept. 23, 1779. These first white settlers founded Ithaca, named by Simeon DeWitt in 1795. The Cayuga Indians, one of the six Nations, preserve the legend of the Great Spirit placing his hand upon the earth to form this region of the Finger Lakes. Organized as a village in 1821. Incorporated as a city in 1888.

POPULATION—The present population of Ithaca is 21,637 of July, 1936, City Hall Records. In 1925 the state census gave 18,948. In 1920 it was 17,004; 1910, 14,802; 1900, 13,130; 1890, 11,072. There are about 90% native born with native stock predominating, about 5% colored. The student population of Ithaca is about 7,000, making a total population over 28,000. Growth last 10 years has been nearly 20 per cent.

MERCANTILE—Ithaca is a trading center of 60,000 people and has stores that compare favorably with cities much larger. Because of the University population and a community educated to want the best, the retail establishments carry merchandise equalling in variety and quality the stocks of stores in leading eastern cities. Wholesale houses distribute over a large territory. There are about 400 retail establishments, 15 wholesale, and about 275 professional offices. The merchants of Ithaca are noted for their service and courteous treatment which has done much to make Ithaca popular as a trading center for those living outside of the city.

INDUSTRIAL—By the foresight of its public spirited citizens and the city itself many acres or square miles in and around the city comprising parks and playgrounds, scenic gorges and public lands adaptable as well for industrial purposes are available for all future time.

ENFIELD FALLS

Large corporations more or less national in scope find a good economic condition, much more so than in congested areas for establishment of their central offices, where abundant, intelligent, well educated employees are available for this kind of work. High standard of living at comparative low cost works to the advantage of both employer and employee.

The history of Ithaca for more than 100 years reflects a slow but steady growth; a well balanced attractive American city, where economic and cultural life grow side by side, creating one of the most attractive places in existence to live a full, happy and contented life.

Those engaged in industry and the economic struggle breathe an atmosphere of culture and education that invariably results in the next generation seeking and obtaining both of

THE LIBRARY TOWER

these desirable things that equip them for a future that advances the whole population along rapid lines of progress. Any business interested in the industrial possibilities of Ithaca are invited to call on the Ithaca Enterprises Inc.

MORSE INDUSTRIES

FINANCIAL—There are 3 financial institutions, with total deposits of \$22,082,000, and one savings and loan association. The savings banks deposits are over \$8,000,000. The net assessed valuation of the city is \$38,000,000, with an exempt value of \$22,000,000. The per capita wealth is high. Total tax rate for 1936 was 26.59 per thousand. A city government that has operated within its budget for the past 30 years, has a low bonded indebtedness, and the highest financial rating.

CORNELL UNIVERSITY

culture, Veterinary Medicine, and Home Economics and a Graduate School and a School of Hotel Management; occupies about 2,400 acres of land and 60 buildings, which with their equipment are valued at about \$18,000,000, while endowment adds about \$30,000,000 more to

EDUCATIONAL—Ithaca is among the leading educational centers of the state. There are 10 public schools and 1 parochial school. The school enrollment is 4,700 with 180 teachers and administrative staff. Cornell University which is one of the great universities of North America, is located on America's most beautiful campus overlooking the lower parts of the city and Lake Cayuga, and was founded in Ithaca in 1865 by Ezra Cornell. The enrollment is over 6,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State Colleges of Agri-

libraries as follows: Cornell Library is located in the heart of the business district and has an extensive service to the public; the Cornell University Library is located on the campus and has 700,000 volumes and includes several special collections having international fame; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H. A. Manning Co. in the Chamber of Commerce Rooms in Ithaca Savings Bank Building.

and Western Railroad has a terminus here. The Ithaca Railway Inc with a modern bus service serves completely within the city limits and suburban bus lines operating from a municipal bus terminal on East Green Street connect the city with Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Auburn, Seneca Falls, etc. Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. It is the nearest New York State port to the anthracite coal fields of Pennsylvania. The Ithaca Municipal Air Port is one of the oldest in the state. Its development was started before the World War, and it has been used for test flying for new planes for many years. Ithaca is the hub of a network of highways such as make New York State famous. These highways carry a very heavy traffic for business and pleasure and especially in tourist season. The attractions of the scenic wonders of this region are drawing more and more tourists each year. The auto truck freight service is growing.

PARKS, PLAYGROUNDS AND POINTS OF INTEREST—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of which is located at the lake end of the city and has recreation and athletic facilities, also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls, State Park, Cascadilla Glen, Cayuga Lake, Coys Glen, Enfield Glen State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen.* For details on this subject see page 379.

MISCELLANEOUS STATISTICS—Ithaca has an aldermanic form of government. There are 55 miles of streets with 25 first class paved. The water works capacity is 350,000,000 gallons with daily pump of 3,000,000 gallons. There is a good fire department with the volunteer system, and there are 12 engines and hose and hook and ladder trucks. The police department has 1 station and 30 men on full time only. There are 13 churches, 8 hotels with about 500 rooms. The Chamber of Commerce has surveyed the entire city rooming accommodations for conventions and has available this information for all who require it; the dining service for conventions of any size is adequate. Ithaca is a convention city. There is one public and two private hospitals with a total of 155 beds. Postal receipts for 1936, about \$300,000.

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

The Churches

WITH A TOTAL OF NINETEEN, representing all the leading denominations, Ithaca is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm. It is the belief of many Ithacans of vision that this full and adequate supply of churches, is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

Ithaca Lodge No. 666

LOYAL ORDER OF MOOSE

134 West State Street

ITHACA Lodge No. 666, Loyal Order of Moose, offers a service to the men of this community which no man should fail to investigate. The Moose Lodge should be especially attractive to young married men with a family who have an average income. Besides the clean, attractive, well managed social rooms, sports activities, such as baseball, basketball, bowling and card tournaments with other fraternal organizations, the Moose Lodge offers sick and death benefits, and in the event of a member's death, a complete protection for his wife and children at Mooseheart, or through the Extension Fund. Dues are very low, and for the middle aged man there is offered through the Moose Legion an attractive old age independence plan.

NO man, regardless of his present income, can afford not to at least find out the great advantages of being a Moose.

SPACE does not permit listing further details, but a phone call to 2621, or a post card to the Secretary will bring Literature or an appointment with an officer of the Lodge, which incurs no obligation on your part. There will be no bothersome high pressure follow-up.

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND—where you are located. Pick up a City Directory anywhere, and almost unvariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
