**F**OUNDED on April 3, 1868 by a group of the city's prominent citizens, under the leadership of Ezra Cornell, founder of Cornell University—it was originally housed in the wooden structure pictured above. After outgrowing the facilities of three locations—this institution in 1924 constructed the now familiar, five-story, fireproof Ithaca Savings Bank Building. Its progress from 1868 to the present has been exemplified by sound management and careful stewardship of the funds of depositors. The Ithaca Savings Bank has grown up with Ithaca—and has been a vital factor in the city's growth.

# Cascadilla Schools

FOUNDED 1870

*"For the better preparation of Cornell Students"*

**PREPARATORY SCHOOL.** A Regents Academy that has prepared hundreds of students for Cornell and other Universities from all over the United States and many foreign countries. Its methods and program make it possible to combine rapid progress in subject matter with real mental growth.

**SUMMER SCHOOL.** A six weeks session is terminated with Regents examinations in August. Credentials thus earned have meant an important saving of time to many Cornellians. Special rates to Ithaca students.

**TUTORING SCHOOL.** It has been of valuable assistance to Cornell students for many years. Individual instruction in University and preparatory courses by expert and scholarly instructors.

# BREAD

## Cast Upon the Waters Returns Many Fold . .

**W**E all know this is one of life's greatest truths. But so often we lack courage to obey its wisdom . . . because it is human to think first of ourselves. But to those who believe, and whose belief is backed by deeds there is no more perfect rule for broad and lasting success . . . in life or business.

The founders of Rothschild's based their business upon this principle. It became an IDEAL a guiding star to be followed. The founders believed and acted upon this simple truth that "serving the best interests of others, brings its own reward." They lived to see this ideal blossom from a tiny seed into Ithaca's largest and most modern department store. And this ideal, alive today as ever, is responsible for the continuing growth of this great store.

ITHACA 150<sup>th</sup> ANNIVERSARY

IT is with a great degree of pleasure that we present to the Citizens of Ithaca the 1939 City Directory. This volume is dedicated to commemorating the One-Hundred and Fiftieth Anniversary of the founding of Ithaca—150 years of progress which has brought Ithaca from a frontier wilderness to a modern city.

In unison with the progress of the city, and its many interests, the publishers have endeavored to do their share in contributing to the prestige and civic pride of Ithaca by the addition of special features which seem appropriate, and which we believe will promote civic pride and spirit among our citizens, as well as disseminate information about Ithaca far and wide where ever this Directory is sent.

We trust this volume will be a prized possession and regarded as worthy of preservation for its historic and informative value and have a place in the permanent files of the city, the business establishments, the public and semi-public institutions, and at the end of the year of service, when the succeeding volume appears, this may become part of the home personal library. It should not be entirely discarded as there can not be another anniversary volume for fifty years.

# Ithaca Chronological Historical Events

In Concise Form to  
Commemorate the One-Hundred Fiftieth  
Anniversary of its Founding

1789 to 1939

**NOTE:** In preparing the following, due care was taken to insure accuracy and completeness. Fifteen hundred communications were sent to leading citizens and institutions and in absence of a reply, other sources of information were sought, therefore responsibility for omissions of any kind resulting from such lack of cooperation cannot be assumed by the publishers. The manuscript was read by six well informed Ithaca men, and many weeks search of old records made. The publishers cannot, and do not guarantee, the correctness of this data, but believe it to be approximately correct, and trust it will be received in the spirit in which it is given—a contribution to Ithaca on its one hundred and fiftieth anniversary.

H. A. MANNING COMPANY, PUBLISHERS

**1789** Ithaca and the surrounding region, marked by rugged and beautiful scenery and magnificent waterfalls, was once part of the country occupied by the Iroquois or "Six Nations" of Indians. These are generally regarded as the most highly civilized of all the aboriginal tribes. Because of its topographical advantages this region boasted many tribal communities and became a popular crossing place for Indian travel. The Indian name of Ithaca was Heodakheat. The white men were drawn to this section in the early days of their pioneering of the country west and south of the Mohawk settlements. In April three men named Jacob Yapple, Isaac Dumond, and Peter Hinepaugh\* selected 400 acres on lot 94 of which the west line of Tioga Street is the western boundary. Captain Jonathan Woodworth was also recorded as a settler, and located his homestead on land now occupied by County Court House; Mrs. John B. Smelzer, present custodian of the DeWitt Historical Society of Tompkins County, is a descendant of Captain Woodworth. Three log cabins were filled with this pioneer group. Population at end of year was twenty.

**1790** The roving bands of treacherous Indians had been exterminated by Sullivan's Army. The remaining Indians straggled back to their own homeland, and were friendly. The pioneers built a small mill on Cascadilla Creek, about one-half mile from the cabins located on what is now East State Street, capacity of mill 25 bushels of corn grinding daily.

**1791** This small mill became known as the "Little Pepper Mill". Robert McDowell family located and built a forest home not far distant from the other three cabins. Abram Johnson arrived and after living a short while nearby moved to a location three miles south. A Mr. Lightfoot transported goods up Lake Cayuga by boat, constructing a shanty at the boat landing, where goods were on sale, this seems to be the nearest to a store yet to locate in the community. The first baby girl born in the community March 10th, named Sally Dumond. A baby boy born August 25th, named Henry Yapple.

**1792** Salt springs well known to the Indians were of great comfort to these pioneers, who enjoyed this luxury not found in many wilderness frontiers.

**1793** George Sager erected home and soon married Charity Holley. Mr. Sager's barn was of such fine quality that it was used for church services with Cornelius Shoemaker as leader.

**1794** All original deeds and grants prior to March 5th of this year are recorded in the Herkimer county clerk's office in which county Ithaca was once located.

\*In the records of early Ithaca this name is spelled in various ways viz: Hynapaugh, Heimpaugh, Heimbaugh, Heinbaugh, Hinepaw, Hymebaugh.

**1796** Yapple and Dumond families forced to surrender their Ithaca homes through the misfortune of misunderstanding regarding taxes, the agency through which they dealt seemed to have failed to honestly serve them, they moved to Danby. Hinepaugh located in Aurora, thus the little community at the foot of the hill was almost wiped out in its infancy. Joseph Chaplin completed his contract to cut a road connecting Oxford and Ithaca, and received his pay therefor, it was called The Old State Road or The Bridle Road.

**1797** Dr. Lewis Beers with his brother Jabez Beers and party arrived from Stratford, Connecticut, after a hard struggle of three weeks via the Hudson and Mohawk Rivers, Otsego Lake, Susquehanna River to Owego, thence by "broke" trail across to Ithaca. Because of the damp and unhealthy conditions on the "flats" of Ithaca he would not locate there, but went to the high land of Danby. He served as physician over a large area in this section for many years.

**1798** Simeon DeWitt, a man of piety and integrity, scholar, patriot, and possessing general talents of a high order, came to Ithaca and with great energy and wisdom guided the growth of the little community. He was Surveyor-General of New York state and had been on General Washington's staff during the Revolutionary War.

**1800** The number of inhabitants in all Western New York (excluding Indians) 63,000. First frame house erected by Abram Markle on present Linn Street, north of Cascadilla Creek, the carpenter employed on this residence was a Roger Delano, assisted by Luther Gere.

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Ithaca's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 450 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

**LOCATION**—Ithaca, sometimes called in this section "Crown of Cayuga," and known far and wide as the home of Cornell University and Ithaca College, is famous for three things: its wonderful setting at the head of Cayuga Lake in the midst of the Finger Lakes Region,

CAYUGA LAKE AND STEWART PARK

its culture and refined atmosphere in all activities of business and social life; its educational institutions. Located in the heart of western New York State, it is 247 miles to New York City, 404 to Boston, 675 to Chicago, 302 to Philadelphia, 37 to Elmira, 40 to Geneva, 20 to Cortland, 57 to Syracuse, 175 to Albany, 170 to Schenectady, 88 to Rochester. Area is 6 square miles.

TRIPHAMMER FALLS, CORNELL UNIVERSITY

**TOPOGRAPHY**—Many pages could be devoted to a description of Ithaca topographically. It is doubtful if any city in America has such a remarkable formation of level land, hills, cliffs, gorges and water falls. All this variety is so blended that it is most inspiring to the visitor to pass from one spectacle to another. The view shown above is Ithaca's water front and lake. For a mile and a half from the shore the land is level and contains the business section of the city, railroad yards, stations, municipal airport etc.; the heights are covered with beautiful homes, the extensive campus and buildings of Cornell University, some

factories and even railroads which climb out of the city; the highlands of the city are gouged by great gorges beginning at the south with Buttermilk Falls Creek and Gorge 1 mile south; Coy's Glen 3 miles in length; Cascadilla Creek and Gorge, at south end of Cornell University Campus; Fall Creek Gorge, north of Cornell University Campus. (A more complete description of these gorges and water falls, under Parks and Points of Interest—see index) The altitude of the main section of the city is about 400 feet, the highlands 800 feet.

**HISTORICAL**—Ithaca was first settled in 1789. This was ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of Gen. Sullivan, on Sept. 23, 1779. These first white settlers founded Ithaca, named by Simeon DeWitt in 1795. The Cayuga Indians, one of the six Nations, preserve the legend of the Great Spirit placing his hand upon the earth to form this region of the Finger Lakes. Organized as a village in 1821. Incorporated as a city in 1888. Ithaca celebrates in 1939 its 150th Anniversary.

**POPULATION**—The population of Ithaca as of July, 1937, City Hall Records was 22,132. In 1925 the state census gave 18,948. In 1920 it was 17,004; 1910, 14,892; 1900, 13,130; 1890, 11,072. There are about 90% native born with native stock predominating, about 5% colored. The student population of Ithaca is about 7,000, making a total population over 28,000. Growth last 10 years has been nearly 20 per cent.

**MERCANTILE**—Ithaca is a trading center of 60,000 people and has stores that compare favorably with cities much larger. Because of the University population and a community educated to want the best, the retail establishments carry merchandise equalling in variety and quality the stocks of stores in leading eastern cities. Wholesale houses distribute over a large territory. There are about 400 retail establishments, 15 wholesale, and about 200 professional offices. The merchants of Ithaca are noted for their service and courteous treatment which has done much to make Ithaca popular as a trading center for those living outside of the city.

THE LIBRARY TOWER

**INDUSTRIAL**—By the foresight of its public spirited citizens and the city itself many acres or square miles in and around the city comprising parks and playgrounds, scenic gorges and public lands adaptable as well for industrial purposes are available for all future time.

Educational advantages for industrial workers and their families, including a liberal policy provision for vocational education and training in the public schools.

Recreation and amusement of the people provided abundantly with sports and pleasures of every description. Lake and stream, gorges and waterfalls, swimming, boating, fishing, college, school and public sports of every description make a most attractive living environment for people engaged in high class industry. Not a large industrial center, but a very substantial and successful part of our community engaged in production have an unusual standard of living not possible in the large industrial centers. Therefore in this modern age, Ithaca is one of the most attractive places available for production plants requiring fine rail and water transportation facilities, high class labor, power and living conditions unsurpassed for contentment and happiness. The principal industries manufacture shot guns, power drive chains, mechanical stokers, adding machines, leather hand bags, paper, cardboard boxes, electric meters, salt and cement.

ENFIELD FALLS

Large corporations more or less national in scope find a good economic condition, much more so than in congested areas for establishment of their central offices, where abundant, intelligent, well educated employees are available for this kind of work. High standard of living at comparative low cost works to the advantage of both employer and employee.

The history of Ithaca for more than 100 years reflects a slow but steady growth, a well balanced attractive American city, where economic and cultural life grow side by side, creating one of the most attractive places in existence to live a full, happy and contented life.

Those engaged in industry and the economic struggle breathe an atmosphere of culture and education that invariably results in the next generation seeking and obtaining both of

these desirable things that equip them for a future that advances the whole population along rapid lines of progress. Any business interested in the industrial possibilities of Ithaca is invited to call on the Ithaca Enterprises Inc.

**FINANCIAL**—There are 3 financial institutions, with total deposits of \$22,687,486, as of Dec 31, 1937 and one savings and loan association. The savings banks deposits are over \$8,000,000. The net assessed valuation of the city is \$38,000,000, with an exempt value of \$22,000,000. The per capita wealth is high. Total tax rate for 1938 was \$27.80 per thousand. The city government has operated within its budget for the past 30 years, has a low bonded indebtedness, and the highest financial rating.

CORNELL UNIVERSITY

**EDUCATIONAL**—Ithaca is among the leading educational centers of the state. There are 10 public schools and 1 parochial school. The school enrollment is 4,700 with 180 teachers and administrative staff. Cornell University which is one of the great universities of North America, is located on America's most beautiful campus overlooking the lower parts of the city and Lake Cayuga, and was founded in Ithaca in 1865 by Ezra Cornell. The enrollment is over 6,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State Colleges of Agri-

culture, Veterinary Medicine, and Home Economics and a Graduate School and a School of Hotel Management. It occupies about 2,400 acres of land and 60 buildings, which with their equipment are valued at about \$18,000,000, while endowment adds about \$30,000,000 more to

CORNELL UNIVERSITY

the resources of the institutions. There are also located in the city Ithaca College, devoted to music, drama and physical education; The Cornell Tutoring School; The Cascadilla Tutoring School; University Tutoring School; The Practical Business School. There are four libraries as follows; Cornell Library is located

ITHACA HIGH SCHOOL

in the heart of business district and gives an extensive service to the public; the Cornell University Library located on the campus has over 812,000 volumes including several special collections having international fame; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H. A. Manning Co. in the Chamber of Commerce Rooms at 211 E. Seneca street

**TRANSPORTATION**—Ithaca is served by the main line of the Lehigh Valley Railroad and also by 2 branch lines; the Ithaca and Owego Branch of the Delaware, Lackawanna

and Western Railroad has a terminus here. The Ithaca Railway Inc with a modern bus service serves completely within the city limits and suburban bus lines operating from a municipal

bus terminal on East Green Street connect the city with Elmira, Watkins Glen, Binghamton, Cortland, Syracuse, Auburn, Seneca Falls, etc. Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. It is the nearest New York State port to the anthracite coal fields of Pennsylvania. The Ithaca Municipal Air Port is the second oldest in the state. It has been improved and enlarged, and is now 2,000' x 3,000' in size, with a 2800' paved runway, and a large modern hangar. It is within the city limits, and is five minutes by car from the business section. Student instruction and passenger flights are available in several planes. C. S. Robinson Aerial Surveys, an aerial mapping and photographic concern, operates five airplanes from Ithaca as a base. This company is equipped for all types of aerial photographic work, and has mapped 40,000 square miles of territory during the past ten years. Ithaca is the hub of a network of highways such as make New York State famous. These highways carry a very heavy traffic for business and pleasure and especially in tourist season. The attractions of the scenic wonders of this region are drawing more and more tourists each year. The auto truck freight service is growing.

**PARKS, PLAYGROUNDS AND POINTS OF INTEREST**—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of which is located at the lake end of the city and has recreation and athletic facilities, also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls, State Park, Cascadilla Glen, Cayuga Lake, Coys Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.\* For details on this subject see page 356.

**MISCELLANEOUS STATISTICS**—Ithaca has an aldermanic form of government. There are 60 miles of streets with 30 first class paved. The water works capacity is 350,000,000 gallons with daily pump of 3,000,000 gallons. A modernized city sewage disposal plant constructed in 1939 at a cost of \$125,000, will be fully adequate for the next generation. There is a good fire department with the volunteer system, and there are 12 engines and hose and hook and ladder trucks. The police department has 1 station and 30 men on full time only. There are 21 churches, 8 hotels with about 500 rooms. The Chamber of Commerce has surveyed the entire city rooming accommodations for conventions and has available this information for all who require it; the dining service for conventions of any size is adequate. Ithaca is a convention city. There is one public and two private hospitals with a total of 155 beds. Postal receipts for 1938, about \$300,000, with over eight million pieces of outgoing mail not counting parcel post.

# The Churches

**W**ITH A TOTAL OF TWENTY-ONE, representing all the leading denominations, Ithaca is well supplied with churches.

---

These noble edifices placed at intervals about the city add much to its attractiveness and charm. It is the belief of many Ithacans of vision that this full and adequate supply of churches, is one of the greatest of the many resources of the city.

---

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

---

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

---

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

## BRIEF HISTORY OF MASONRY IN ITHACA

Masonic organizations have existed in Ithaca for well over a century. Even before the County of Tompkins was designated as a separate County in April of 1817, Masonic organizations already were flourishing in what was then the Village of Ithaca.

Eagle Chapter R. A. M. No. 58 was organized February 6, 1817. Prior to the organization of Eagle Chapter, Eagle Lodge, Blue Lodge of Masons met in Ithaca. Eagle Lodge was organized in Spencer, New York, in 1800. Sessions of the Lodge were held in Spencer, Ithaca and Trumansburg.

Fidelity Lodge No. 51 F. & A. M. was organized in Trumansburg. Its original charter was dated June 8, 1818, and its original number was 309. The first meeting of Fidelity Lodge was held on June 24, 1818, at the house of John McLallen. The Lodge has been continuously active since its inception. At the meeting of the Lodge on June 18, 1846, it was resolved that Fidelity Lodge be transferred to Ithaca from Trumansburg. The first meeting of the Lodge at Ithaca was on July 7, 1846. Before the Lodge was moved to Ithaca it passed through a trying period. Its membership dwindled to twelve, namely, Nicoll Halsey, Lyman Strobridge, Henry Taylor, Uriel Turne, J. W. Hart, P. H. Thompson, D. K. McLallen, James McLallen, M. VanDusen, E. J. Ayres, N. Ayres and John Creque. They came to be known as the Twelve Apostles. The Lodge is deeply indebted to them for keeping it alive during the trying period from about July 1828, when the Lodge room was broken into and the jewels, regalia and the records of the Lodge stolen, to July 12, 1938, when a general reorganization meeting was held.

Hobasco Lodge No. 716 F. & A. M. was organized in October, 1871, within a short time after Cornell University was established. Conditions had changed considerably since the organization of Fidelity Lodge and Masonry was well established. A charter dated June 8, 1872, was granted to the Lodge. The first officers of the Lodge were: Hon. Mills VanValkenburg, W. M.; William Andrus, S. W.; Alfred Brooks, J. W. They, with the following, were the charter members: Philip J. Partenheimer, Dennis P. Sharp, Samuel L. Vosburg, James Quigg, N. J. Roe and A. M. Baker.

St. Augustine Commandery No 38 was organized October 2, 1867, soon after the close of the Civil War, under dispensation which was granted December 6, 1866. Its charter members were: J. B. Chaffee, Samuel L. Vosburg, William Andrus, James Quigg, George E. Perry, J. N. Kimball, Miner Culver, Frank J. Enz and Philip J. Partenheimer.

Ithaca Lodge of Perfection A. A. S. R. was organized in 1902 and recently, in 1936, Ithaca Council Princes of Jerusalem S. P. was organized thus giving the Scottish Rite Masons of Ithaca an opportunity to meet as a body.

There are several association organizations for the men, such as the Ithaca Masonic Club, Tompkins County Shrine Association and Balbec Grotto M.O.V.P.E.R.; for the women: Forest City Chapter No. 436 O. E. S., Order of Amaranth, Oriana Court No 47, Masonic Ladies Club, Needlecraft Club of Eastern Star, Amaranth Thimble Club, White Shrine Association; and for young men: Cayuga Chapter Order of DeMolay.

ITHACA (150)<sup>th</sup> ANNIVERSARY

After having met and rented quarters for a number of years the Masons finally erected a Temple of their own at the corner of North Cayuga and East Seneca Streets. The Temple, one of the finest in this section of the State, was dedicated in October, 1926. It has furnished a proper meeting place to inculcate the teachings of Masonry so that its traditions may be carried on.

The various bodies and organizations are always glad to welcome visiting Masons or their wives.

## Ithaca Lodge No. 666

# LOYAL ORDER OF MOOSE

134 West State Street

---

ITHACA Lodge No. 666, Loyal Order of Moose, offers a service to the men of this community which no man should fail to investigate. The Moose Lodge should be especially attractive to young married men with a family who have an average income. Besides the clean, attractive, well managed social rooms, sports activities, such as baseball, basketball, bowling and card tournaments with other fraternal organizations, the Moose Lodge offers sick and death benefits, and in the event of a member's death, a complete protection for his wife and children at Mooseheart, or through the Extension Fund. Dues are very low, and for the middle aged man there is offered through the Moose Legion an attractive old age independence plan.

NO man, regardless of his present income, can afford not to at least find out the great advantages of being a Moose.

SPACE does not permit listing further details, but a phone call to 2621, or a post card to the Secretary will bring Literature or an appointment with an officer of the Lodge, which incurs no obligation on your part. There will be no bothersome high pressure follow-up.

# CORNELL LIBRARY ASSOCIATION

**F**OUNDED in 1864 by Ezra Cornell, before he started the university named for him, the library was designed for the use of the people of Tompkins County by erecting the present building and installing 3,000 volumes. The building, which is on the corner of North Tioga and East Seneca Streets, was started in 1864 and opened to the public December 20, 1866.

**T**HE Library now has about 45,000 volumes with a yearly circulation of around 95,000.

A record of growth and service of which we are truly proud. Since our inception in Ithaca, we have felt the public's appreciation of our daily performance to satisfy in the regularity of the masters' art in Laundry Perfection. This firm has been constantly building up a reputation that "The Laundry Does It Best."

## HISTORY

Prior to the organization of the Ithaca Laundries, Inc. in 1925 by the merging of the Forest City Laundry and The Modern Method Laundry, The Modern Method Laundry established by John McCormick in 1885 was purchased by John Reamer in 1900. The Forest City Laundry was established by McCoy Bros. in 1891 and purchased by Miss E. M. Merrill and brother A. I. Merrill in 1896. The firm has steadily expanded in equipment and the character of its services rendered, until today it stands well up in the front rank with the best laundries in New York State.

The conscientious determination to be of service has developed, we believe, a distinctive Ithaca industry, as is evidenced by our modern plant.

A study of the Chronological Historical Events contained in this Directory will show that Ithaca has had a long history of the initiative to promote industrial enterprises. In the early days of Ithaca, and long before it became an educational center, it contained many men of industrial force.

From the period of the early 1800's until the rise of the Cornell University era of the 1870's the industrial activity of Ithaca equaled any community in New York State west of the Hudson River, with its intensity and its gambling spirit towards new ventures. The records show that around 1820 to 1830 the following products were made here: paper, woolen, cotton, flour, plaster, grist, machines and repairing, tanning of leather and hides, liquor distilling, potash, etc., so that in the "30's" there were nearly 100 industries operating in Ithaca.

In the period from the 1840's to 1870's was a day of great activity in industrial Ithaca that has never been equaled before or since. Some of the products made here at that time were: paper, iron foundry products, agricultural implements, glass, woolens, steamboats, sailboats and rowboats, hosiery, pianos, organs, passenger cars, railroad car repair shops, machine work, horse rakes, wagons, threshing machines, well drills, fruit packing, paints, pottery, rakes, cultivators, lime kilns, etc. The transfer of coal and grain shipments from rail to water transportation at Ithaca formed the basis of much industry; coal transfer from Cayuga and Susquehanna Railroad (now Lackawanna), and then other railroads that now form the Lehigh, made Ithaca an important freight center. There were four grain elevators here.

A MODERN INDUSTRIAL PLANT

After the 1870 period the industrial situation gradually changed with the time but continued active. Some of the products made were: guns, calendar clocks, salt, typewriters, wallpaper, incubators, aircraft, couplings, chains, clutches, electric clocks, adding machines, aerometers, laboratory apparatus, paper, power drive chains, mechanical stokers, leather hand bags, cardboard boxes, cement, etc.

The high class of citizenship in Ithaca makes it desirable for industry and the future holds much in store for this city along development of manufacturing. Water transportation to the Atlantic seaboard is available, also into the Great Lakes. Land with both water and rail facilities is available.

Harry J. Valkenburgh was born at Hensall, Ontario, Canada, May 24, 1880.

Harry J. Van Valkenburgh was a graduate of the public schools of Detroit. He first learned the trade of photoengraving with the Peninsular Engraving Co. of Detroit. He remained with that establishment from 1898 to 1905 and spent six months at a branch of the company at Toledo, Ohio. He was also with the Minneapolis Bureau of Engraving at St. Paul, Minnesota, the Herald at Rochester, N. Y., after which he became associated with the Central Engraving Co. of Rochester, for three years. He next went to the Rochester Post Express, and left there in 1918 to come to Ithaca, where he took over the interests of the Stanley Engraving Co., which he reorganized as the Ithaca Engraving Co. The plant has been in its present location in the Cornell Library Bldg. at the corner of Seneca and Tioga since Mr. George Stanley moved there in 1911.

Mr. Valkenburgh was the inventor of the "Absolute Highlight Process" which is used in the engraving business. At the present time, there are cameras being manufactured to be used in this process.

In politics Mr. Valkenburgh was a Republican. He was for the last five years Police Commissioner of Ithaca, in which department he took a great personal interest. He was an active member of the First Presbyterian Church, the Hobasco Lodge No. 716, F. & A. M., Ithaca Advertising Club, Ithaca Yacht Club, Chamber of Commerce, Protective Police, Tompkins County Fish and Game Club, and Ben Welch Snowshoe Club.

Harry J. Van Valkenburgh died February 15, 1939. He leaves his widow Florence R. VanValkenburgh and a daughter Helen R. His keen sense of humor, tolerance for others, genuine sportsmanship, and friendliness for everyone will be greatly missed in Ithaca.
