MANNING'S
Ithaca Numerical Street Directory
1953

Copyright 1953, by H. A. Manning Co.

Containing a full list of streets and roads, with dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they come on the street. Figures in parentheses following names indicate number of room or apartment in building.

The symbol © following a householder's name indicates that the publishers received information during enumeration that property is owned by occupant. The publishers cannot, and do not, guarantee the accuracy of the information furnished. No responsibility for errors can be, or is assumed. The publishers cannot furnish further information than that shown.

△ Indicates telephone when number is unobtainable. © Indicates property owner. (3) Indicates room number.

FINGER LAKES STATE PARKS

The Finger Lakes Region situated in the central part of New York State, combines a variety of scenery of a rich and striking character. Long blue lakes, gorges, rugged rock formation, waterfalls and an abundant vegetation result in series of pictures that reward the visitor. Glaciation during past ages helped in the creation of lakes and rounding hillsides and stream flow cut the great gorges with their varied waterfalls.

The state has taken over the more important beauty spots and is developing them into public reservations. The guiding principle has been to preserve the natural wild beauty, due consideration being given to broad scenic values and use by the visiting public. The outstanding characteristic of the Finger Lakes State Parks is the endless variety of waterfalls ranging from the tumbling brook to the mighty Taughanock, which has a 215-foot straight fall of water and is the highest single falls east of the Rockies.

Scenic drives and trails are being constructed and are so placed that fine views of the glens and surrounding country may be had as one drives or walks through the parks. Many visits, along the rim trails have been made at lookout points on the cliff edges affording views of striking grandeur.

The educational, as well as recreational, advantages are being developed and enjoyed by thousands of motorists daily, and the parks are very popular for picnic and camping parties. Many families hold their reunion picnics at the Finger Lakes Parks, and at the parks which have swimming facilities, bathing is very popular. Camping and picnic supplies can be purchased at the park concessions or nearby stores.

Facilities such as shelter pavilion, containing rest rooms and refreshment counters; bathhouses, equipped with shower, dressing rooms, lockers, etc., have been constructed at suitable places. Picnic tables, benches, floors for tents and open fireplaces are conveniently located

and a parking area, which will accommodate many cars, have been developed at each park. Charcoal may be purchased and cabins may be rented at some of the parks. Athletic fields are being established, and part of the facilities, such as baseball diamonds, tennis courts, bowling greens, etc., have already been installed at some of the parks, as well as playground devices for the amusement of children.

Lifeguards are in attendance at all of the swimming pools and beaches. Also boating facilities are to be had at the lakeside parks.

During the season the following service charges will be effective:—Parking of automobiles—35 cents per car in the supervised areas (free areas are also provided, although not so conveniently located). Parking coupon books honored at all of the Finger Lakes State Parks for the entire season can be purchased from Park attendants at \$4.00 each.

A camping permit costs \$1.00 per night per unit of car or tent or \$4.00 per week, and at some of the parks, cabins can be rented, \$4.00 to \$9.00 per night or \$16.00 to \$36.00 per week. The camping period is for not to exceed two weeks at a time unless special permission is obtained for a longer period.

The parks can all be reached over a fine system of improved highways through a most picturesque lake country and by railroads.

Buttermilk Falls State Park—

One and one-half miles south of the city on Highway Route No. 13. There is an entrance at the head via South Aurora Street and by a cross-road, or from the entrance proper at the foot, out five miles drive in the valley. Also there is an entrance to the upper area from Route No. 96 about a mile south of Ithaca. The entrance leads to Lake Treman, a beautiful artificial lake, which is about $\frac{1}{2}$ mile long, with an area of about 15 acres. The park contains ten waterfalls and two glens, and in a distance of a mile Buttermilk Creek falls more than 500 feet in a series of rapids, cascades and waterfalls. There is a swimming and wading pool at the main entrance area. This gorge is remarkably picturesque, especially noted being Pinnacle Rock, the Narrow Gorge and the Long Cascade, 199 feet high.

Cascadilla Creek—A gorge at the lower end of Cornell University Campus. Views may be had from the bridges and from Goldwin Smith Walk.

Cayuga Lake—Is one of the largest of the Finger Lakes, forty miles long and three miles wide. Has shores of rolling hills and steep cliffs. Fed by cold spring and is over 400 feet deep in many places.

Cornell University—East Hill. Beautifully situated on high ground overlooking the city and Cayuga Lake.

Coy's Glen—Two miles south of the city. Three miles in length. Each turn of the stream opens new vistas of beauty. Falls, cascades, rapids, shallows, odd rock formations, etc.

DeWitt Park—Cayuga, Buffalo and Court streets.

Robert H Tremans State Park

—This park five miles south of Ithaca adjacent to Highway Route 13, extends three miles into the hillside, is primarily a scenic and educational one, although at its lower entrance, there is a fine creek swimming pool of ample dimensions the water of which is continually changing and in connection with the pool there is a bathroom, with the usual facilities, located in the woodlands nearby.

It is one of the wildest and most picturesque in this vicinity. Can be explored two ways. Easiest is by conveyance to upper entrance Route No. 327 and thence down the gorge to the foot of Lucifer Falls, 115 feet high, a walk of about a mile. This path leads through the narrow gorge, the "Devil's Kitchen," and the "Flume." Another entrance is from the state road in the valley, Route No. 13.

The grandeur of Enfield Glen through which the water from two creeks, with their large watershed flow, is a very pleasant surprise to the visitors, for one never expects to view such towering cliffs and mighty waterfalls. There are twelve waterfalls within this reservation with its highest, Lucifer Falls, being 115 feet high. The glen has rich and abundant vegetation and a notable stand of red pine with some of its trees over 200 years old. Mosses and lichens abound, many fine species being found. There is a mill, a century old, which has been restored to its original condition, and is used as a museum of ancient agricultural grinding machinery.

The usual picnic, camping and parking facilities are furnished, and well constructed natural trails up and down steps over rock shelves lead the visitors to all the beautiful spots, the acme of which is the crest of Lucifer Falls.

Fair Grounds — Intersection Titus av at Clinton and Meadow streets.

Fall Creek Gorge—North of Cornell University Campus. Unusual and beautiful Tripphammer Falls, East avenue bridge crosses just below the falls. Foot of the Falls may be reached through the stairways of Hydraulic Laboratory building of Cornell University. Stewart avenue bridge crosses at the opening of the gorge. Ithaca Falls is 166 feet high and is the most interesting within the city limits. A tunnel near Ithaca Falls was drilled through solid rock for 300 feet.

Finger Lakes Region—Geologists claim there are only four other sections in the world with same formation and natural beauty as the Finger Lakes of Central New York—These are located in Scotland, England, Switzerland and Patagonia. Seneca Lake is the largest and deepest, with a length of 38 miles and depth of 600 feet. Cayuga Lake is second with a length of 40 miles and depth of 400 feet. Keuka Lake is the wildest of the group, the hills surrounding it drop into its depth not even pausing to form a beach line. Owasco is the lake farthest to the east and is popular for yachting and camps and cottages are numerous on its shores. Canandaigua Lake is the smallest with length of 15 miles. Varsity is the keyhole of the region and the topography most unusual.

It is a land of wonderful fertility and prosperous farmers, hill locked lakes, gloomy gorges, waterfalls, and wild ravines and sylvan dells. To the lover of nature an enchanted country and a wonderland of surprises and grandeur. Railroads and very fine highways cross and recross this section, making all parts of it accessible to tourists. For camping, boating, fishing and for seekers in the labyrinths of nature it is the great coming vacation ground of the eastern United States. For further information and illustrated literature write Ithaca Board of Commerce.

Glen Springs—Five minutes walk from Watkins Glen. Famous mineral springs. Three hundred feet above Seneca Lake. Valuable for drinking and bathing.

Ithaca Gorge—Entrance at Fall Creek from Lake Street.

Lick Brook—Six miles south of Ithaca on the east side of valley. Somewhat difficult of access. Contains at least two falls, the sight of which is worth all the trouble it costs. The lower is the "Veiled" Falls, 60 feet high. "The Cathedral" Falls where the stream drops more than 150 feet into an immense round amphitheatre.

Point Lookout—On Cornell Heights. Take "Loop ride" bus. A wonderful view of Lake Cayuga and valley.

Stewart Park—Stewart Park, formerly Renwick Park, is Ithaca's most popular playground. It is named for the late Mayor Stewart, whose efforts and financial support made the park and its activities possible. Located at the head of Lake Cayuga, it is an ideal spot. A

large bathing beach, picnic ground and athletic field are maintained for the amusement of the thousands of pleasure seekers who visit the park yearly.

Taughannock Falls State Park—Eight miles north of Ithaca. The main falls, known by the Indians as "The Great Falls in the wood" in this park is the highest falls east of the Rockies, it has an unbroken descent of 215 feet from brink to pool. One is perpetually surprised by the smooth, serenity with which this mass of water seems to float gently down to its mist-shrouded resting place in the shaded depths of the gorge. Wonderful views of this Great Fall can be obtained from the brink of the glen walls at a lookout opposite the Falls and by a walk of about a mile up this glen with its 400-foot high rocky sides.

Taughannock Falls State Park is located on the western shore of Cayuga Lake about 8 miles north of Ithaca and two miles from Ithaca-Geneva Highway Route No. 96. Can be reached by boat on Lake Cayuga, or by drive along the beautiful winding shore road on Route 89. The gorge is several miles long and aside from the smaller falls in the upper gorge it contains the famous Bridal Veil or Taughannock Falls, 215 feet high.

Taughannock Boulevard, giving motorists excellent views of Cayuga Lake for about 8 miles, connects this reservation with Ithaca and Cornell University.

Lakeshore camping and picnic areas at Taughannock Falls Park are unusually well situated and equipped. Lake bathing is very popular, and the bathhouse is continually being used to capacity. Here is a fine athletic field, equipped for baseball, tennis, bowling on the

green, quoits, horseshoe pitching and children's playground apparatus. Also, there is an excellent boat harbor for small boats, and visitors may enjoy boat rides in the blue water of Cayuga made famous by Songs of Cornell.

Washington Park—At Washington, Buffalo, Park Place and W Court Streets.

Watkins Glen State Park—This is the most wonderful of the many gorges and glens in this vicinity. Twenty-five miles southwest of Ithaca at the end of Seneca Lake. One of the natural wonders of the world. Reached by state road or by bus. Is now a state park.

Watkins Glen is, so well known and has been for such a long time that it is hardly necessary to say more. There are 8 waterfalls with exceedingly interesting rock formations; one of the most famous is Rainbow Falls. There is a bridge which is 165 feet above the water and cliffs rise 200 feet above this narrow stream. There is a drop of about 700 feet in the two miles extent of this glen. Trails winding through the Glen and woodlands lead to the beauty spots and picnic sites, where will be found tables, benches and fireplaces. Ample facilities for the care of the many people who visit this State Reservation are available—public telephones, refreshment rooms, drinking fountains, toilets, rest rooms, etc.

The main entrance to Watkins Glen is on the main street of the Village of Watkins Glen, and the southern entrance, with its large pavilion, is a short distance from the Watkins Glen-Corning Highway Route No. 414.

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

- | | |
|-----------------------------------|--------------------------------|
| 1. INDEX TO ADVERTISERS | 4. CLASSIFIED BUYERS' GUIDE |
| 2. DESCRIPTIVE AND MISCELLANEOUS | 5. CLASSIFIED BUSINESS SECTION |
| 3. ALPHABETICAL SECTION | 6. BRANDED GOODS BUYERS' GUIDE |
| 7. HOUSEHOLDERS' AND STREET GUIDE | |

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: **ALPHABETICAL SECTION**, "h"—Householder, "r"—Resident, **HOUSEHOLDERS' AND STREET GUIDE**, "△"—Telephone Subscriber, "©"—Homeowner.
