—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# INTRODUCTION AND GENERAL INDEX

**H. A. MANNING CO.**, publishers of Directories for over 300 Communities, present to subscribers and the general public, the 1961 edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by MANNING'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

## FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order:—

**I. THE DESCRIPTIVE SECTION** is the first major department printed on blue paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys and indexes.

**II. THE YELLOW PAGES** constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional, world.

**III. THE ALPHABETICAL LIST OF NAMES** of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation in the city.

**IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE**, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the indication of telephone subscribers at homes and places of business.

## COMMUNITY PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

## PUBLISHERS' NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

*"In the Heart of the Finger Lakes Region"*

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Ithaca as limited space permits. The local resident, the visitor, and the distant reader about Ithaca wish to gain an impression of Ithaca as well as to have at hand a statistical reference regarding the city and its people. It is the publishers' aim to portray as much of Ithaca's charm and greatness as is consistent with facts. The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Ithaca City Directory disseminates this information far and wide where this Directory represents Ithaca in the Free Directory Library Exchange System of North America. The Ithaca City Directory, with over 500 closely printed pages, is the City of Ithaca in book form; its family and social life, business and industrial life is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Ithaca and all interested.

**LOCATION**—The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of beautiful Cayuga Lake, is famous for four things:

1. Its educational institutions
2. Its position as the agricultural center of the northeast United States
3. Its rugged and picturesque scenic beauty, and
4. Its many progressive small industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

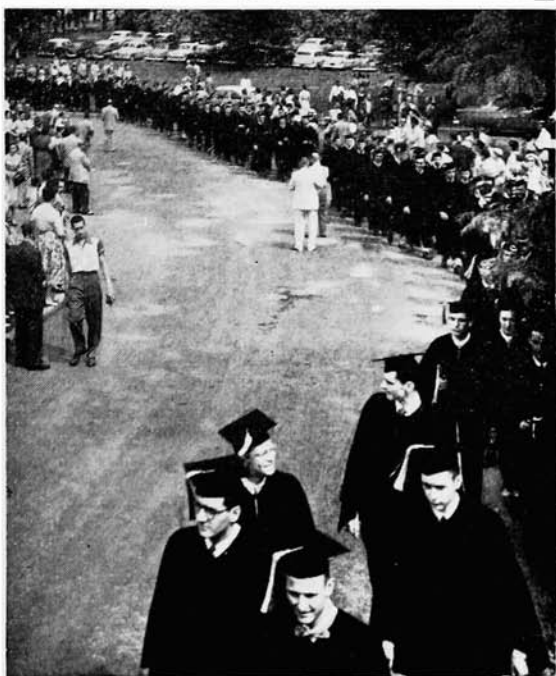

Its latitude is 42° 27' north and its longitude is 76° 29' west. Located in the center of the Southern Tier of New York State, it is 240 miles south to New York City; Boston is 350 miles east, Albany 175 miles east, Buffalo is 150 miles west, Elmira 35 miles south, Binghamton 50 miles southeast, Syracuse 55 miles northeast and Rochester 88 miles northwest.

EAST STATE ST. LOOKING WEST

**TOPOGRAPHY**—Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three sides by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26° to an average maximum of 69°. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable posit on at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city is 383 feet above sea level and Cornell University Campus, the highest part of the city, is approximately 800 feet above sea level.

**HISTORICAL** — Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795 after the ancient Greek capitol of Ithaca. It was incorporated as a village in 1821, chartered as a city in 1888 and has been the county seat of Tompkins County since the county's formation in 1818. In days long gone past, Ithaca was a center of inland water transportation as well as the salt center of New York State. Ithaca celebrated in 1939 its 150th Anniversary.

**CORNELL GRADUATES AT COMMENCEMENT**

**POPULATION**—Ithaca's metropolitan area, has a population, according to the 1960 federal census of 41,259. This includes the City of Ithaca, 28,744, Village of Cayuga Heights, 3,104, Ithaca Township, 9,411, and the students at Cornell University and Ithaca College. As in many communities, extensive growth has been seen in the population outside the central city. Between 1900 and 1950 the city population increased from 13,150 to 19,800 or 65%. The town and village during the same period increased from 1,600 to 8,600 or 540%. The student population in 1900 was slightly less than 3,000, today there are nearly 12,500.

Ithaca's population is about 87% native born white, about 3% colored and 10% foreign born.

Ithaca in 1960 had 8,220 homes with 45.3% owner occupied.

Tompkins County in 1960 had 66,164 inhabitants. This figure includes students.

**TAUGHANNOCK FALLS**

**MERCANTILE**—Ithaca is a trading center of some 100,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community educated to want the best, retail stores carry merchandise equal in variety and quality to stores in leading eastern cities. There are over 450 retail stores, employing over 2,500 persons with annual sales in excess of \$60,000,000. There are also over 46 wholesale houses employing over 400 with annual sales of \$24,000,000. About 200 service trade establishments, doing an annual business of \$6,000,000 and employing over 800 persons are also located in Ithaca. There are about 300 professional offices located within the city limits.

**INDUSTRIAL**—Although Ithaca is not primarily an industrial city, it has 42 manufacturing establishments with an employment figure in excess of 4,300; a payroll totaling over \$17,500,000 and a total value added by manufacture of \$15,967,000. Cornell University

employs 5,800 and Ithaca College 175, while G. L. F. (Grange League Federation) has 500 employees and the New York State Electric & Gas Corporation 447.

Among the principal products manufactured here are; adding machines, shotguns, power drive chains, rayon and cotton underwear, lantern slides, technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, detergents, woodworking and dairy products.

**SOUTH HILL INDUSTRIAL AREA**

Ithaca has an unusually intelligent class of workmen. Educational advantages for industrial workers and their families include a liberal policy provision for vocational education and training in public schools.

Ithaca has been developing also as a research center. The General Electric Company established a "center" in Ithaca several years ago.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Ithaca Chamber of Commerce will bring a prompt reply.

**CORNELL STUDENTS AT WORK**

**EDUCATIONAL**—Ithaca is among the leading educational centers of the state. The Ithaca enlarged City School District includes 15 public schools with an enrollment of 6,600

and a staff of 320 teachers and administrators. The District covers 160 square miles. There are two junior high schools, and Ithaca now boasts one of the newest, most modern high schools in the state, opened in 1959 at a new site. There is one parochial school in Ithaca providing classes from Kindergarten through eighth grade.

BOYNTON JR. HIGH SCHOOL

Cornell University, which is one of the great universities of North America, located on one of America's most beautiful campuses overlooking the lower parts of the city and Lake Cayuga, was founded in 1865 by Ezra Cornell. The normal enrollment is about 10,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State College of Agriculture, Veterinary Medicine, Industrial and Labor Relations, Home Economics, a Graduate School, a School of Hotel Management, Education, Nursing, Nutrition and Business and Public Administration. It occupies about 7,000 acres of land and 155 buildings, which with their equipment are valued at about \$35,000,000 while endowment add about \$42,000,000 more to the resources of the institutions. There are also located in the city Ithaca College, devoted to music, drama and physical education; the Cascadilla Tutoring School. Ithaca College, with its present quarters in downtown Ithaca, has entered into a \$15,000,000.00 construction program. This entails the building of complete new facilities on Ithaca's South Hill. The campus site covers some 208 acres. Three buildings have already been constructed and dedicated in 1961. There are five libraries, as follows; Cornell Public Library is located in the heart of the business district and gives an extensive service to the public, the Cornell University Library located on the campus has over 825,000 volumes including special collections having international fame; Ithaca College Library; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H. A. Manning Co. of N. Y. in the Chamber of Commerce Rooms at 205 West Green St. Also at Cornell University are the specialized libraries of Agriculture, Industrial and Labor Relations, Engineering and Law. A five million dollar Research Library has just opened at Cornell.

The city operates the Community Transit System serving the entire city and surrounding suburbs. Ithaca is served by the Greyhound Bus Line and the Trailway Bus System and provides a terminus for interurban buses from Elmira, Watkins Glen, Binghamton, Owego, Cortland, Syracuse, Rochester, New York City, etc.

**"MODERN AIR TRANSPORTATION TO ITHACA"**

Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. Several hundred pleasure crafts including the larger motor cruisers have Ithaca as their home port. Several large boatyards provide sheltered waters and cover for boats whose valuation approximates a quarter million dollars owned by persons from the surrounding area and cities as far away as Elmira, Binghamton, Owego and Scranton. A new City Airport Park and Marina was opened in 1960 and provides recreation and boating marina with spaces for 104 boats.

Daily trucking service is provided to all business in the area by numerous motor truck freight lines.

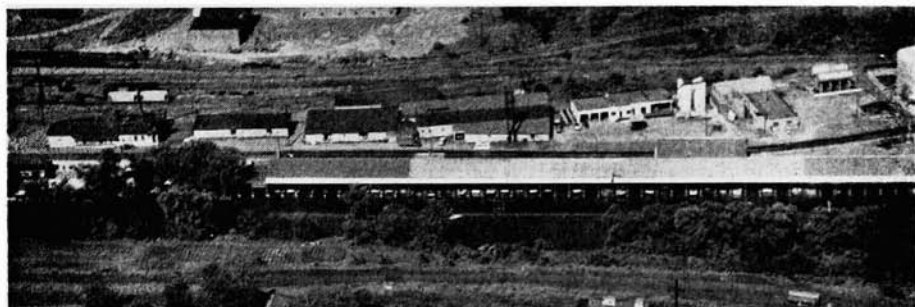

**ITHACA YACHT CLUB**

**PARKS, PLAYGROUNDS AND BOATING**—The natural topography of the land here makes the city a natural park. There are three public parks within the city, the largest of

which is located at the lake end of the city and has recreation and athletic facilities also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-like effect for the upper part of the city. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.

Ithaca and Cayuga Lake have become the headquarters for small boating enthusiasts throughout the Southern Tier of New York State and much of north central Pennsylvania. Each year more and more boats are brought to Cayuga Lake. In 1957, it was estimated that over \$1,000,000 worth of pleasure crafts made Ithaca their "home port." In addition, hundreds of transient boats visit Ithaca each year using both the public and private launching and docking facilities. Water skiing is rapidly becoming a popular sport on Cayuga Lake.
