CONFIDENCE . . .

For 86 years Ithacans have shopped at Rothschild's with confidence. Over these many years we have gained and kept our reputation for serving Ithaca as a reliable department store. You can be confident when you shop at Rothschild's that you are getting real values and quality merchandise.

QUALITY . . .

You can trust Rothschild's to carry merchandise by famous manufacturers in every department of the store . . . brands that give you high quality at a reasonable price. We stand behind the famous brands we sell, with complete readiness to send back anything the customer finds unsatisfactory.

ASSORTMENTS . . .

We try to have an assortment of products, brands and styles that includes something to suit every taste and to meet your household needs. When you shop at Rothschild's, you can be confident that we have a good assortment of merchandise. You can depend on us to have the products you need.

SERVICE . . .

Rothschild's provides many services for its customers. A charge account is a service that you will find convenient to use when you shop, and is a reliable way to keep records of your purchases. We also offer free delivery within a 25-mile radius of Ithaca, for all your purchases.

Where Ithaca Shops with Confidence

At Your Service

We want to make sure you get the best, most efficient use of your electric and natural gas service since they do so much to make living easier and more comfortable.

For Questions About Rates and Services

Trained representatives in our Commercial Office will arrange your electric and natural gas service, transfers or any other business efficiently and courteously. Call on them; if they don't have the answer, they'll get it for you.

Other Services

We have several free advisory services to give you specialized help. These are yours for the asking.

Home Service Representative will help you with any question about the use of your appliances or home lighting.

Farm Service Representative is a specialist in farm electrical applications.

Lighting Sales Representative is a trained lighting man who will help merchants or offices plan modern lighting installations for commercial establishments.

Industrial Sales Engineer is your contact on all industrial utilizations.

Call on our trained staff for prompt and courteous service.

INTRODUCTION AND GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, present to subscribers and the general public, the latest edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The position occupied by **MANNING'S** Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an experienced organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

I. THE DESCRIPTIVE SECTION is the first major department printed on white paper: Information about statistical review, historical sketch, manufacturing, trade government and civic surveys, indexes, and deluxe advertising.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the indication of telephone subscribers at homes and places of business.

V. THE NUMERICAL TELEPHONE LOCATER, on green paper, is the fifth major department. All available listed phones for the area covered in this directory are arranged by exchanges and under each exchange, in numerical order with the name of the phone holder indicated.

COMMUNITY PUBLICITY — The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

PUBLISHERS' NOTE — The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

H. A. MANNING CO., Publishers

ITHACA, N. Y.

TOMPKINS COUNTY

LOCATION — The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of beautiful Cayuga Lake, is famous for its educational institutions, its position as the agricultural center of the northeast United States, its rugged and picturesque scenic beauty, and its many progressive small industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

Its latitude is 42° 27' north and its longitude is 76° 29' west. Located in the center of the Southern Tier of New York State, it is 240 miles south to New York City; Boston is 350 miles east, Albany 175 miles east, Buffalo is 150 miles west, Elmira 35 miles south, Binghamton 50 miles southeast, Syracuse 55 miles northeast and Rochester 88 miles northwest.

Cayuga Lake

TOPOGRAPHY — Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three sides by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26° to an average maximum of 69°. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable position at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city, is 383 feet above sea level and Cornell University Campus, the highest part of the city, is approximately 800 feet above sea level.

Commencement Exercises at Cornell University.

HISTORICAL — Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795 after the ancient Greek capitol of Ithaca. It was incorporated as a village in 1821, chartered as a city in 1888 and has been the county seat of Tompkins County since the county's formation in 1817. In days long gone past, Ithaca was a center of inland water transportation as well as the salt center of New York State. Tompkins County celebrated its sesquicentennial in 1967.

POPULATION — Ithaca's metropolitan area, has a population, according to the 1960 federal census of 40,659. This includes the City of Ithaca, Village of Cayuga Heights, Ithaca Township, and the students at Cornell University and Ithaca College. As in many communities, extensive growth has been seen in the population outside the central city. Between 1900 and 1950 the city population increased from 13,150 to 19,800 or 65%. The town and village during the same period increased from 1,600 to 8,600 or 540%. The student population in 1900 was slightly less than 3,000, today there are nearly 15,000.

Ithaca's population is about 87% native born white, about 3% colored and 10% foreign born.

Tompkins County in 1960 had 66,164 inhabitants. This figure includes students.

MERCANTILE — Ithaca is a trading center of some 100,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community educated to want the best, retail stores carry merchandise

equal in variety and quality to stores in leading eastern cities. There are over 351 retail stores, employing over 2,500 persons with annual sales in excess of \$54,000,000. There are also over 46 wholesale houses with annual sales of \$24,000,000. About 200 service trade establishments, doing an annual business of \$6,000,000 are also located in Ithaca. There are about 300 professional offices located within the city limits. There are three shopping centers and three more will be completed by 1969.

Photo by Curt Foerster

Adding Machine Division of The National Cash Register Co.

INDUSTRIAL — Although Ithaca is not primarily an industrial city, it has 43 manufacturing establishments with an employment figure in excess of 7,000, a payroll totaling over \$20,000,000. Cornell University employs 6,500 and Ithaca College 250, and the New York State Electric & Gas Corporation 550.

Among the principal products manufactured here are: adding machines, shot-guns, research instruments, heat resistant materials, power drive chains, rayon and cotton underwear, lantern slides, technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, detergents, woodworking, and dairy products.

Ithaca has an unusually intelligent class of workmen. Educational advantages for industrial workers and their families include a liberal policy provision for vocational education and training in public schools.

A recent development saw the formation of the Cornell Research Park Inc., with several large concerns including The Bendix Corp. and Agway, Inc., as its first tenants.

Therm Inc., Ithaca, N. Y.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Tompkins County Chamber of Commerce will bring a prompt reply.

Part of the new South Hill Campus of Ithaca College.

EDUCATIONAL — Ithaca is among the leading educational centers of the state. The Ithaca enlarged City School District includes 17 public schools with an enrollment of over 7,000 and a staff of 320 teachers and administrators. The District covers 160 square miles. There are two junior high schools, and Ithaca now boasts one of the newest, most modern high schools in the state, opened in 1959 at a new site. There is one parochial school in Ithaca providing classes from Kindergarten through eighth grade.

Ithaca Senior High School

Cornell University, which is one of the great universities of North America, located on one of America's most beautiful campuses overlooking the lower parts of the city and Lake Cayuga, was founded in 1865 by Ezra Cornell. The normal enrollment is about 12,000 students. The university includes colleges of Art and Science, Medicine, Law, Engineering, Architecture, the State College of Agriculture, Veterinary Medicine, Industrial and Labor Relations, Home Economics, a Graduate School, a School of Hotel Management, Education, Nursing, Nutrition and Business and Public Administration. It occupies about 7,000 acres of land and 160 buildings.

Ithaca College has relocated atop Ithaca's South Hill and is nearing completion of its nearly \$40 million construction program. It affords a beautiful view overlooking the City of Ithaca with Cayuga Lake in the background, and offers a vantage point of viewing the rolling hills surrounding Ithaca. The college has doubled its student population in the past four years.

Ithaca College started as a Conservatory of Music in 1892, and over the years has grown in size and stature. The college now includes a College of Arts and Sciences, a School of Music and a School of Health and Physical Education. A Department of Radio was organized in 1941, and has expanded into a full fledged Department of Radio and Television with fully equipped radio and television broadcasting equipment.

There are five libraries, as follows: Cornell Public Library is located in the heart of the business district and gives an extensive service to the public, the Cornell University Library located on the campus has over 825,000 volumes including special collections having international fame; the Ithaca College Library; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H.A. Manning Co. of N. Y. in the Chamber of Commerce Rooms at 205 West Green St. Also at Cornell University are the specialized libraries of Agriculture, Industrial and Labor Relations, Engineering and Law. A five million dollar Research Library is located at Cornell.

FINANCIAL — Ithaca has two commercial banks: one savings bank and one savings and loan association. These banks are well housed and progressive and have grown with the city. The per capita wealth is high. Ithaca rated third in New York in 1950. The net taxable value of city property was \$95,821,976 in 1961. The city government has operated within its budget for the past 35 years, has a low bonded indebtedness and the highest financial rating. The Tax equalization rate is 85%.

TRANSPORTATION — Ithaca is served by Mohawk Airlines, Inc., which operates from the Tompkins County Airport, with jet flights to N. Y. C. & Washington, providing direct air passenger, mail and cargo service to 23 New York State communities, 6 in Massachusetts, as well as to New Jersey, New Hampshire and Detroit, Michigan. Ithaca is the hub of a network of highways that make travel in central western New York State a tourist's dream. The city operates the Community Transit System serving the entire city and surrounding suburbs. Ithaca is served by the Greyhound Bus Line and provides a terminus for interurban buses from Elmira, Watkins Glen, Binghamton, Owego, Cortland, Syracuse, Rochester, New York City, etc.

Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. Several hundred pleasure crafts including the larger motor cruisers have Ithaca as their home port. Several large boatyards provide sheltered waters and cover for boats whose valuation approximates a quarter million dollars owned by persons from the surrounding area and cities as far away as Elmira, Binghamton, Owego and Scranton. A new City Airport and Marina was opened in 1960 and provides recreation and boating marina with space for 104 boats.

Daily trucking service is provided to all business in the area by numerous motor truck freight lines.

PARKS, PLAYGROUNDS AND BOATING — The natural topography of the land here makes the city a natural park. There are three public parks within the city and has recreation and athletic facilities also an extensive bathing beach on Lake Cayuga. The Cornell Campus is extensive and supplies a very beautiful park-lift effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls State Park, Cascadilla Glen, Cayuga Lake, Coy Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park, Watkins Glen State Park.

Ithaca Yacht Club

Ithaca and Cayuga Lake have become the headquarters for small boating enthusiasts throughout the Southern Tier of New York State and much of north central Pennsylvania. Each year more and more boats are brought to Cayuga Lake. Estimated that over \$1,000,000 worth of pleasure crafts have made Ithaca their "home port." In addition, hundreds of transient boats visit Ithaca each year using both the public and private launching and docking facilities.

Detailed information on the recreation of the Ithaca area can be secured from the Ithaca Chamber of Commerce.

Ivy League College Football

SPORTING EVENTS — A wealth of both spectator and participation sporting events may be found in the Ithaca area. There are four golf courses, bowling, swimming, tennis, archery, and many other sports facilities are available. The recently completed Lynah Ice Rink at Cornell University is open to the public for skating. Football, ice hockey, crew, baseball, and polo are only a few of the many sporting events taking place in Ithaca on a year-round schedule.

AGRICULTURAL CENTER — Ithaca is often referred to as the agricultural center of the northeastern United States. Here are located the state owned College of Agriculture, with its far reaching extension service and its annual Agricultural Progress Days (formerly called Farm & Home Week) which draws many thousands of people; the state School of Veterinary Medicine; the home of both the New York Artificial Breeders Cooperative and the Empire Livestock Marketing Coop, Inc.; the New York State offices of the Farm Bureau Federation; a United States Plant, Soil and Nutrition Laboratory, and; branches of many other organizations serving the farmer. The county Agricultural and Horticultural Society is responsible for the Tompkins County Fair that is held in Ithaca during August of each year.

Gross income from farm products sold in Tompkins County in 1964 was estimated to be over \$9,500,000. The major cash products of Tompkins County farms include milk, chicks, poultry and eggs, livestock of all types, hay, corn, wheat, vegetable crops and field beans.

SPECIAL EVENTS AND INTERESTING FACTS — Ithaca has very active fraternal, club and social life with over 200 organizations listed. There are 6 hospitals with nearly 500 beds. 4 theatres with a capacity of 4,800, five auditoriums with a capacity of 5,200, 28 churches covering nearly every major denomination and 16 hotels and motels, plus many fine tourist homes. Listings of accommodations are available at the Chamber of Commerce.

There are over 22,000 passenger cars registered and 25,948 electric meters, 10,263 gas meters, and 23,092 telephones in use. The city's water storage capacity (not connected with Lake Cayuga) is 350,000,000 gal. with a daily pump of over 3,000,000.

Ithaca is served by two AM radio stations, WHCU and WTKO, an FM station, WEIV, a daily newspaper, the Ithaca Journal and a weekly, The Town Crier.

BUYERS GUIDE

(Yellow Pages)

**Complete Classified
Directory Following
These Advertisements**

A classified directory providing detailed information on the city's institutions, civic organizations, (See "Associations" in classified section) businesses, professions and manufacturers served by this directory.

The advertisements in these "yellow pages" are grouped together and classified alphabetically under appropriate headings.

Each advertisement is cross-referenced in the directory's alphabetical section as well as in the list of advertisers.

The following businesses and organizations believe in the City Directory as a vital community and personal information bureau and image. When calling upon them for their service or product, mention that you saw their display in a City Directory.

Guess who Syd and Gladys ran into the other day?

Hank and Marilyn.

Your best chance to head off a "head-on" is to think negatively. Assume that behind every oncoming truck or car there's a good guy about to make a bad mistake. And, be prepared to get out of his way if he does.

Whenever, wherever you drive . . . drive defensively. Watch out for the other guy. It's the best way there is to watch out for *you*.

Watch out for the Other Guy.

"Serving Youth —

That Youth May Better Serve"

**Put your
FAITH to work every day**

There really never was a time when "once-a-week" religion was enough.

But today, in our swiftly moving world, the need is greater than ever to put your Faith to work—all the time.

Think of today's dismaying headlines. Then think of the many ways the world can be made better.

"But I'm only one person," you say.

Yes, But your church or synagogue can become, *with your help*, a rallying point for change. By joining others who live their Faith, you are no longer alone in your beliefs.

Worship this week—and put your Faith to work all week long.

RELIGION IN AMERICAN LIFE **Worship this week**

Paul Revere shouted more than just the British are coming

Being a progressive and resourceful merchant, as well as a great American, he chose the best opportunities to advertise . . . and consequently, was the first to advertise in a city directory. Today there are directories documenting the transition of over 7,000 communities in North America. Write your company's name in the pages of history . . .

THE CITY DIRECTORY

As valuable today as it will be
100 years from now.

INDUSTRIAL ITHACA

INDUSTRIAL — Although Ithaca is not primarily an industrial city, it has 43 manufacturing establishments with an employment figure in excess of 7,000; a payroll totaling over \$20,000,000. Cornell University employs 6,500 and Ithaca College 250, and the New York Electric & Gas Corporation 550.

Among the principal products manufactured here are: adding machines, shotguns, power drive chains, rayon and cotton underwear, lantern slides, technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, detergents, woodworking and dairy products.

Ithaca has an unusually intelligent class of workmen. Educational advantages for industrial workers and their families include a liberal policy provision for vocational education and training in public schools.

A recent development saw the formation of the Cornell Research Park Inc. with several large concerns including the Bendix Corp. and Agway Inc. as its first tenants.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Tompkins County Chamber of Commerce will bring a prompt reply.

Career Opportunities at **MORSE**

Career bound students can look forward to advancement as MORSE continues to expand operations. A recent graduate has the opportunity to continually upgrade his skills and compensation. The MORSE plantwide job bidding system enables an employee to be considered for advanced jobs. Apprentice Programs provide qualified graduates with training for skilled trades and journeymen jobs. MORSE personnel with leadership qualities may assume management positions.

Qualified students going on to college and universities can look forward to a career with a

growth company. University graduates start their careers in MORSE Sales, Production Management, Engineering and Finance Training Programs. For more about MORSE contact the Industrial Relations Office, South Aurora Street, Ithaca, New York.

MORSE

AN EQUAL OPPORTUNITY EMPLOYER

MANUFACTURING — THERM provides design and machining services with emphasis on high temperature, high strength and corrosion resistant materials. This includes such areas as Gas Turbine Airfoil Blading, Rocket Engine Impellers and specialized customer equipment.

RESEACH — THERM provides analytical and theoretical studies in fluid mechanics on a contractual basis with both industry and government.

THE CITY DIRECTORY

secures its information at the source from personal interviews by a complete door - to - door canvass which is a very expensive publishing operation.

The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

It is the only complete census for public service.

H. A. Manning Company
104 Hanover St.,
Boston, Mass.

Gentlemen:

The City Directory has served our stores and customers in many ways for years. Always seeking to increase traffic INTO our stores, we are glad to give such public services as information. We feel that the City Directory is a fine way to do this, takes less of our clerks time and creates a better impression for our stores and our city.

In our own business use of the Directory, we have found it a valuable tool in deliveries, billings, advertising and the general identification of our customers and prospects in the many ways we try to know them and reach them.

The use of the decal sign, chained directory and display box to give it prominent and easy access in our store while assuring its not being misplaced is adding value to it. Many users might not inquire if it was not so handy and visible. Needless to say, we try to place it so the impression of our store and our merchandise will hit the user. The attractive decal sign inviting the passing public to come in and use our Directory is adding to the drawing power of it as a public service.

Without question, intangible though it may be, the City Directory results in sales and goodwill for us. The facilities for public attention and safe display of it that you supply makes it that much easier and valuable as one of the public service features of our stores.

Very truly yours,

DUNNINGTON'S INC

George B. Dunnington.

Located in Bellows Falls is the "DATA-PRO" Division of the H. A. Manning Companies. This division does all the compilation for the directory publications of the Manning Companies. In 1965 the latest method of automated handling of data was installed at Bellows Falls division office which use "Vari-typer" Line Composers with IBM cards for composition and proofreading of all directory text. These cards, after sequential sorting to the various directory sections, are photographed at 7,200 cards an hour on a "Fotolist" camera and processed in a developing machine producing negatives or direct-image copy for printing plate use.

Among the many applications for which these machines can be used besides directories are voting lists, mailing lists, price and parts lists, phone books and any type of lists which are periodically updated and printed.

The application of this new system will enhance the appearance and readability of our directories and outside services, improve on their accuracy and enable the enlargement of their basic overall directory service, outside contracting and employment opportunities.

Cornell University

Cornell University at Ithaca covers 730 acres in the Finger Lakes Region of New York. Three hundred of these acres were the lands of Ezra Cornell. Where crops once grew and cattle grazed, today some 13,000 young men and women study subjects as diverse as anthropology and law, nuclear engineering and Greek, and microbiology and regional planning. The University strives to realize its motto, to be "an institution where any person can find instruction in any study."

Cornell was founded in 1865, when the classics and theology dominated American education. A harbinger of the modern university, Cornell aimed for parity between the older disciplines and the newer applied sciences. Research was not only tolerated, it thrived, and professors took their knowledge outside the classroom and applied it to practical problems. In the humanities, modern languages and literature and history and philosophy augmented the classical curriculum, to the inestimable benefit of all.

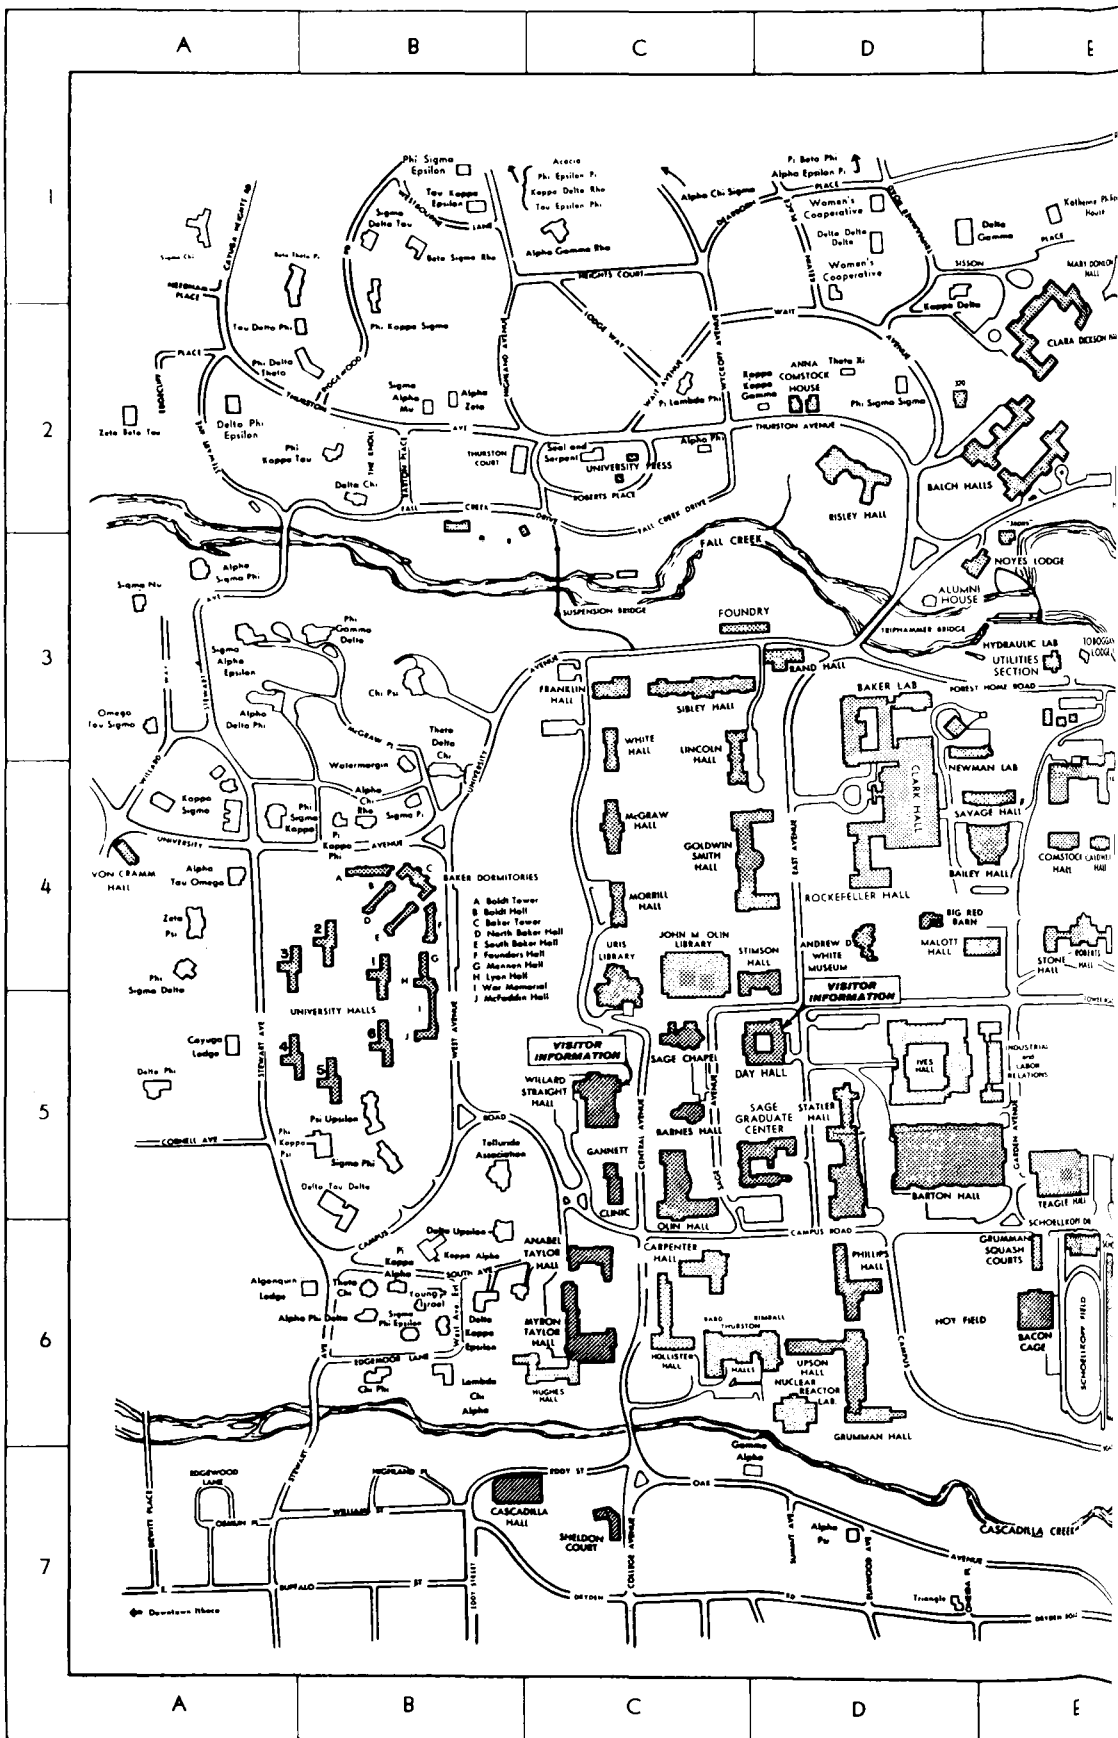

Two men had brought it about: Ezra Cornell, a self-educated artisan and self-made millionaire, and Andrew Dickson White, a cultivated history professor educated at Yale and in Europe. These two joined forces as state senators to secure for a "Cornell University" New York's share of benefits from the 1862 Morrill Land Grant Act, the law designed to encourage colleges teaching "agriculture and the

mechanic arts." Thus Cornell came into being with a charter authorizing a varied curriculum, with White as its president, and with an endowment of land-grant proceeds and \$500,000 from Ezra Cornell.

The full-time faculty in Ithaca nowadays numbers some 1,470 and includes many leaders in their fields. Faculty and students come to Cornell from almost ninety foreign countries. Of the 13,400 students at Ithaca, more than 4,000 are engaged in study at the graduate level. Some 600 other Cornellians are enrolled in the Medical College, the Graduate School of Medical Science, and the School of Nursing, all in New York City.

Medical and nursing students are enrolled in the privately endowed divisions of Cornell, as are students in Architecture, Arts and Sciences, Engineering, Hotel Administration, Nutrition, Business and Public Administration, Law, and the Graduate School. As New York's land-grant college, Cornell operates four divisions in partnership with the State University: the New York State Colleges of Agriculture and Home Economics, the School of Industrial and Labor Relations, and the Veterinary College.

The faculty and students of the various academic units enjoy exceptional library facilities. The University Libraries system contains more than three million volumes, and consists of sixteen separate libraries.

KEY TO THE CAMPUS MAP ON THE PRECEDING PAGES

Agronomy Laboratory F4
 Alumni (Athletic) Fields F5
 Alumni House D3
 Artificial Breeders H7
 Bacon Athletics Cage E6
 Bailey Hall E4, auditorium
 Baker Laboratory D3, chemistry
 Baker Residences (men) B4
 Balch Halls E2, women's residences
 Bard Hall C6, materials science & engineering
 Barnes Hall C5, Campus Store, auditorium
 Barton Hall D5, military training, Safety Division
 Beebe Lake; Tripphammer Falls E-F3
 Big Red Barn D4, alumni center
 Bruckner Laboratory of Poultry Biology F4, poultry research
 Caldwell Hall E4, agronomy
 Campus Store, Barnes C5, Sheldon Court C7
 Carpenter Hall C6, engineering library & administration
 Cascadilla Hall B7
 Clark Hall D4, physical sciences
 Collyer Boat House, Cayuga Lake Inlet
 Comstock Hall E4, entomology, limnology
 Comstock House D2, women's residence
 Cornell Quarters F-G7, student families
 Crescent E6, football stadium
 Dairy Bar Cafeteria (Stocking Hall) G-H5
 Day Hall C-D5, administration
 Clara Dickson Hall E2, women's residence
 Mary Donlon Hall E1, women's residence
 Educational Placement D2, 320 Wait Avenue
 Fernow Hall F4, conservation
 Filter Plant J4
 Fishery Laboratory J7
 Food Storage & Laundry F7
 Foundry C3, architecture studio
 Franklin Hall C3, art, Asian studies
 Gannett Medical Clinic C5
 Goldwin Smith Hall C4, arts & sciences
 Golf Course H2
 Graphic Arts Services G6
 Greenhouses F4, H4
 Grumman Hall D6, aerospace engineering
 Grumman Squash Courts E6
 Hasbrouck Apartments G1, student residences
 Heating Plant F6-7
 High Voltage Laboratory H7, 909 Mitchell Street
 Hollister Hall C6, civil engineering
 Hoy Field D6, baseball
 Hughes Hall C6, law student residence
 Hydraulics (Applied) Laboratory E3
 Industrial & Labor Relations Conference Center E5
 Ives Hall D5, industrial & labor relations, summer session & extramural courses, University Personnel Office
 "Japes" E2-3, recreation, meetings
 Judging Pavilion G-H5
 Kimball Hall D6, materials processing
 Library Tower C-5
 Lincoln Hall C3-4, music, speech & drama
 Lynah Hall E-F5, ice skating
 Malott Hall D-E4, business & public admin., hospital admin.
 Mann Library F4, agriculture-home economics library, Finance Office, Bailey Hortorium
 McGraw Hall C4, geological sciences, sociology, anthropology
 Minns Garden E4-5
 Moakley House H2, recreation, golf
 Morrill Hall C4, modern languages, psychology
 Morrison Hall H5, animal husbandry
 Helen Newman Hall E2, women's physical education
 Newman Laboratory D3-4, nuclear studies
 Agnes and Jansen Noyes Center A5
 Noyes Lodge E3, recreation, cafeteria
 Nuclear Reactor Laboratory D6
 Observatory F2
 Olin Hall C5-6, chemical engineering
 Olin (Graduate & Research) Library C4
 Ornithology H2, Sapsucker Woods Road
 Phillips Hall D6, electrical engineering
 Pant Science E4, genetics, development, physiology, cell physiology
 Pleasant Grove Apartments F1, student families
 Post Laboratory H4, floriculture
 Poultry Virus Disease Laboratory J5
 Radiation Biology Laboratory H2, Warren Road
 Center for Radiophysics and Space Research D4
 Rand Hall D3, Computing Center
 Rice Hall F4, poultry husbandry
 Riding Hall & Stables F6, Route 366
 Riley-Robb Hall G5, agricultural engineering
 Risley Hall D2, women's residence
 Roberts Hall E4, agric. admin., biol. sciences, veg. crops
 Rockefeller Hall D4, physics, engineering physics
 Sage Chapel C5
 Sage Graduate Center C-D5
 Savage Hall D-E4, nutrition
 Schoellkopf Field and Hall E6, athletics
 Service Building F7
 Shedd Court C7, Campus Store, University Publications
 Sibley Hall C3, architecture, history, government
 Statler Hall D5, hotel administration
 Stimson Hall C-D4, ecology & systematics
 Stocking Hall G5, dairy & food science, neurology & behavior, microbiology
 Stone Hall E4, education
 Suspension Bridge C3
 Synchrotron Building G6
 Taylor (Anabel) Hall C6, interfaith center
 Taylor (Myron) Hall C6, law
 Teagle Hall E5, men's physical education, sports
 Television-Film Center H5
 Thurston Court B2, student residences
 Thurston Hall C6, theoretical & applied mechanics
 Toboggan Lodge E3, recreation
 University Halls B4-5, men's residences
 University Press C2
 Upson Hall D6, mechanical engineering, computer science
 Uris (Undergraduate) Library C4
 U. S. Plant, Soil, & Nutrition Laboratory H4-5
 Utilities Section E3
 Martha Van Rensselaer Hall E4, home economics
 Vegetable Gardens F-G7
 Veterinary College J4-5
 Veterinary Virus Research Laboratory H7
 Visitor Information C5 and D5
 von Cramm Scholarship Hall (men) A4
 Warren Hall E4, agricultural economics, rural sociology
 White Hall C3, mathematics
 White Museum of Art D4
 Willard Straight Hall C5, student union
 Wing Hall G5, biochemistry, molecular biology
