** DRYDEN - TRUMANSBURG **

It is with pleasure that we issue the 4th edition of our **Dryden - Trumansburg** Directory covering the suburban areas of Dryden and Trumansburg. Included are the telephone subscribers in Dryden, Trumansburg, East Freeville, Freeville, Harford, Harford Mills, Jacksonville and Mecklenburg.

We have listed all telephone numbers for the exchanges 387 and 884 in numerical order. This "Numerical Telephone Locator" makes possible the identification of a party when only the phone number is known. It is perfect for use with "blind" classified ads in the newspaper, and identifying a calling party when all you know is the telephone number.

The second important listing is by street order. Each street is identified and the individuals and businesses are listed in numerical order on the street or alphabetical order when no house number is listed so you can call a neighbor if you cannot reach a party, or canvass a complete street by phone.

We hope you agree with us that this information on Dryden and Trumansburg is a natural addition to the Ithaca City Directory.

INTRODUCTION AND GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, presents to subscribers and the general public, the latest edition of the City Directory.

The City Directory is a mirror truly reflecting the community to the world. It instills in the user confidence in the continued growth of industry and wealth of the community and pride in its civic and social advancement.

MANNING'S staff of experienced personnel and the courteous and hearty cooperation of business and professional men and residents has firmly established our reputation as publishers of the very best in directory service. This source reference of authentic information about your community and its residents will become an indispensable part of your library.

FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

I. THE DESCRIPTIVE SECTION is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys, deluxe advertising displays, and indexes.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding the catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the indication of telephone subscribers at homes and places of business, and the phone number if available.

V. THE NUMERICAL TELEPHONE LOCATER, on green paper, is the fifth major department. All listed phones for the area are arranged by exchanges and under each exchange, when available, in numerical order with the name of the phone holder indicated.

COMMUNITY PUBLICITY — The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

PUBLISHERS' NOTE — The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

H. A. MANNING CO., Publishers

ITHACA, N.Y.

TOMPKINS COUNTY

Compiled by H. A. Manning Co. for the Ithaca City Directory with the assistance of the Tompkins County Chamber of Commerce.

LOCATION — The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of beautiful Cayuga Lake, is famous for its educational institutions, its position as an agricultural center of the northeast United States, its rugged and picturesque scenic beauty, and its many progressive industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

Its latitude is 42° 27' north and its longitude is 76° 29' west. Located in the center of the Southern Tier of New York State, it is 240 miles southeast to New York City; Boston is 350 miles east, Albany 175 miles east, Buffalo is 150 miles northwest, Elmira 35 miles southwest, Binghamton 50 miles southeast, Syracuse 55 miles northeast and Rochester 88 miles northwest.

TOPOGRAPHY — Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three sides by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26° to an average maximum of 69°. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable position at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city, is 383 feet above sea level and Cornell University Campus, the highest part of the city, is approximately 800 feet above sea level.

HISTORICAL — Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795 after the ancient Greek capitol of Ithaca. It was incorporated as a village in 1821, chartered as a city in 1888 and has been the county seat of Tompkins County since the county's formation in 1817. In days long gone past, Ithaca was a center of inland water transportation as well as the salt center of New York State.

POPULATION — Ithaca's metropolitan area, has a population, according to the 1975 census of 52,061. This includes the City of Ithaca, Village of Cayuga Heights, Ithaca Township, and the students at Cornell University and Ithaca College. As in many communities, extensive growth has been seen in the population outside the central city. Between 1900 and 1970 the city population increased from 13,150 to 26,226 or 100%. The town and village during the same period increased from 1,600 to 18,750 or 1.170%. The student population in 1900 was slightly less than 3,000, today there are nearly 19,000.

Ithaca's 1970 population (26,226) is about 87% native born white, about 5% colored and 8% foreign born.

Tompkins County, according to the 1970 federal census, has 77,100 inhabitants. This figure includes students.

MERCANTILE — Ithaca is a trading center of some 100,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community educated to want the best, retail stores carry merchandise equal in variety and quality to stores in leading eastern cities. In Tompkins County there are over 632 retail stores, employing over 4,000 persons with annual sales in excess of \$118,636,000. There are also over 56 wholesale houses with annual sales of \$33,459,000. About 480 service trade establishments are also located in Tompkins County. There are about 300 professional offices located within the city limits. There are six shopping centers.

Morse Chain, Div. of Morse-Borg Warner

INDUSTRIAL — Although Ithaca is not primarily an industrial city, it has 62 manufacturing establishments with an employment figure in excess of 7,000, a payroll totaling over \$42,900,000. Cornell University employs 7,000 and Ithaca College 907, and the New York State Electric & Gas Corporation 600.

Among the principal products manufactured here are: adding machines, shot-guns, research instruments, heat resistant materials, power drive chains, technical

mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, woodworking, and dairy products.

A recent development saw the formation of the Cornell Research Park, Inc., with several large concerns.

Therm Inc., Ithaca, N.Y.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Tompkins County Chamber of Commerce, 122 West Court St., Ithaca, will bring a prompt reply.

Part of the new South Hill Campus of Ithaca College.

EDUCATIONAL — Ithaca is among the leading educational centers of the state. The Ithaca enlarged City School District includes 18 public schools with an enrollment of over 7,700 and a staff of 380 teachers and administrators. The District covers 160 square miles. There are two junior high schools, and Ithaca now boasts one of the newest, most modern high schools in the state. There is one parochial school in Ithaca providing classes from Kindergarten through eighth grade.

Tompkins Cortland Community College, one of the fastest growing colleges in the nation, is located on a brand new hillside campus along Route 13 in Dryden. Sponsored jointly by Tompkins and Cortland counties, the College was founded in 1967. TC3, as it is known locally, grants associate degrees in a wide range of career-oriented and liberal arts programs. More than 2,000 students are enrolled part-time and full-time, day and night. Tompkins Cortland Community College is fully accredited. TC3 also serves as a community center for residents of the area.

Tompkins Cortland Community College

Ithaca Senior High School

Cornell University, which is one of the great universities of North America, located on one of America's most beautiful campuses overlooking the lower parts of the city on Lake Cayuga, was founded in 1865 by Ezra Cornell. The normal enrollment is about 16,000 students. The University includes colleges of Arts and Sciences, Medicine, Law, Engineering, Architecture; the State College of Agriculture and Life

Sciences, the State Veterinary College, the State College of Human Ecology, the State School of Industrial and Labor Relations, a Graduate School, a School of Hotel Management, Education, Nursing, Nutrition and Business and Public Administration. It occupies about 7,000 acres of land and some 300 buildings.

Ithaca College's contemporary campus on South Hill overlooks the city of Ithaca and Cayuga Lake, and affords a splendid view of the rolling hills around Ithaca. Founded as a Conservatory of Music in 1892, the College outgrew its DeWitt Park environment downtown and built a new campus in the 1960s. The College now includes the Schools of Music; Humanities and Sciences; Health, Physical Education and Recreation; Communications; and Allied Health Professions, as well as a Center for Individual and Interdisciplinary Studies, and Divisions of Business Administration and of Graduate Studies and Continuing Education. Ithaca College is now the largest private residential college in New York State, with an undergraduate enrollment of 4000 and a graduate enrollment of 100.

LIBRARIES — There are five libraries, as follows: Tompkins County Public Library is located in the heart of the business district and gives an extensive service to the public, the Cornell University Library located on the campus has over 825,000 volumes including special collections having international fame; the Ithaca College Library; the Tompkins County Bar Association Library is located in Ithaca Savings Bank Building; the Free Directory Library maintained by the H. A. Manning Co. is at the Tompkins County Public Library, 310 North Cayuga St. Also at Cornell University are the specialized libraries of Agriculture, Industrial and Labor Relations, Engineering and Law, and Fine Arts. A five million dollar Research Library is located at Cornell.

FINANCIAL — Ithaca has two commercial banks: one savings bank and one savings and loan association. These banks are well housed and progressive and have grown with the city. The per capita wealth is high. The net taxable value of city property was \$103,374,575 in 1974. The city government has operated within its budget for the past 40 years, has a low bonded indebtedness and the highest financial rating. The State equalization rate is 65.

TRANSPORTATION — Ithaca is served by Allegheny Airlines, which operates from the Tompkins County Airport, with jet flights to N.Y.C., Washington, Pittsburgh and Chicago, providing direct air passenger, mail and cargo service to 23 New York State communities, 6 in Massachusetts, as well as to New Jersey, New Hampshire and Detroit, Michigan. Ithaca is the hub of a network of highways that make travel in central New York State a tourist's dream. The city operates the Community Transit System serving the entire city and surrounding suburbs. Ithaca is served by the Greyhound Bus Line and provides a terminus for interurban buses from Elmira, Watkins Glen, Binghamton, Owego, Cortland, Syracuse, Rochester, New York City, etc.

Ithaca is also the southern terminal of the New York Barge Canal system and is provided with docking facilities for boats operating on the canal. Several hundred pleasure craft including large motor cruises have Ithaca as their home port. Several large boatyards provide sheltered waters and cover for boats whose valuation approximates a million dollars owned by persons from the surrounding area and cities as far away as Elmira, Binghamton, Owego and Scranton. A new City Park and Marina was opened in 1960 and provides recreation and boating marina with space for 104 boats and a new marina now under construction.

Daily trucking service is provided to all business in the area by numerous motor truck freight lines.

PARKS, PLAYGROUNDS AND BOATING — The natural topography of the land here makes the city a natural park. There are three public parks within the city and has recreation and athletic facilities. The Cornell Campus is extensive and sup-

plies a very beautiful parklift effect for the upper part of the city. The following scenic beauty spots in and not far from the city are: Buttermilk Falls State Park, Cascadilla Glen, Cayuga Lake, Coy Glen, Robert H. Treman State Park, Fall Creek Gorge, Ithaca Gorge and Falls, Point Lookout, Taughannock Falls State Park.

The City and State are currently redeveloping the former Municipal Airport and Marina into a 177 acre regional recreation facility with a 400-boat marina, olympic swimming pool and covered ice rink. A repertory theatre for the arts is also underway on the site. Opportunities for fishing, hunting, hiking, boating and other outdoor recreation abound in the area.

Ithaca Yacht Club

Ithaca and Cayuga Lake have become the headquarters for small boating enthusiasts throughout the Southern Tier of New York State and much of north central Pennsylvania. Each year more and more boats are brought to Cayuga Lake. It is estimated that over \$1,000,000 worth of pleasure craft have made Ithaca their "home port." In addition hundreds of transient boats visit Ithaca each year using both the public and private launching and docking facilities.

Detailed information on recreation in the Ithaca area can be secured from the Tompkins County Chamber of Commerce.

Ivy League College Football

SPORTING EVENTS — A wealth of both spectator and participation sporting events may be found in the Ithaca area. There are four golf courses, including a municipal course, bowling, boating, swimming, tennis, archery, and many other sports facilities are available. Lynah Ice Rink at Cornell University is open to the public for skating. Football, ice hockey, crew, baseball, soccer, lacrosse, basketball, and polo

are only a few of the many sporting events taking place in Ithaca throughout the year. Most of the recreational facilities and sporting events at Ithaca College and Cornell University are open to the public.

AGRICULTURAL CENTER — Ithaca is often referred to as one of the agricultural centers of the northeastern United States. Here are located the state owned College of Agriculture, with its far reaching extension service; the state School of Veterinary Medicine; the home of both the New York Artificial Breeders Cooperative and the Empire Livestock Marketing Coop, Inc.; the New York State officers of the Farm Bureau Federation; a United States Plant, Soil and Nutrition Laboratory; and branches of many organizations serving the farmer. The county Agricultural and Horticultural Society is responsible for the Tompkins County Fair that is held in Ithaca during August of each year in cooperation with the Tompkins County Chamber of Commerce.

Gross income from farm products sold in Tompkins County was estimated to be over \$15,900,000. The major cash products of Tompkins County farms include milk, chicks, poultry and eggs, livestock of all types, hay, corn, wheat, vegetable crops and field beans.

SPECIAL EVENTS AND INTERESTING FACTS — Ithaca has very active fraternal, club and social life with over 400 civic, social and service organizations listed. There are 3 hospitals with nearly 500 beds, 5 commercial movie theatres with a capacity of over 5,000, ten auditoriums with a capacity of 7,000, 28 churches covering nearly every major denomination and 18 hotels and motels, plus tourist homes. Listings of accommodations are available at the Chamber of Commerce.

There are over 3,092 passenger cars registered and 25,948 electric meters, 10,263 gas meters, and 23,092 telephones in use. The city's water storage capacity (not connected with Lake Cayuga) is 280,000,000 gal. with a daily pump of over 5,000,000.

Ithaca is served by two AM radio stations, WHCU and WTKO, five FM stations, WVBR, WHCU-FM, WTKO, WICB, WEIV, a daily newspaper, the Ithaca Journal, and WCIC-TV with 12 channel commercial cable.

BUYERS GUIDE (Yellow Pages)

**Complete Classified
Directory Following
These Advertisements**

A classified directory providing detailed information on the city's institutions, civic organizations, businesses, professions and manufacturers served by this directory.

The advertisements in these "yellow pages" are grouped together and classified alphabetically under appropriate headings.

Each advertisement is cross-referenced in the directory's alphabetical section as well as in the list of advertisers.

The following businesses and organizations believe in the City Directory as a vital community and personal information bureau and image. When calling upon them for their service or product, mention that you saw their display in a City Directory.

West Village (pictured above) resulted from joint action in 1969 by the New York State Urban Development Corporation headed by Edward Logue, the then Ithaca Mayor Jack Keily, and the Common Council, many community groups and Mr. & Mrs. David M. Abbott who head a Partnership which owns and operates the fully-integrated complex.

Elderly citizens comprise 10% of the inhabitants while 20% are low income families. The remaining 70% are middle income families. All rents are structured to family size and adjusted income.

This unusual \$8,850,000 development has aroused great interest throughout the world having appeared in many architectural and housing journals as a departure from the ordinary Federally-assisted housing developments. The architect — designer is Werner Seligmann of Cornell University.

THE CITY DIRECTORY

secures its information at the source from personal interviews by a complete door - to - door canvass which is a very expensive publishing operation.

It is the only complete census for public service. The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

CIVIC ORGANIZATIONS

**Fraternal
Religious
Charitable
Social
Service**

A vital part of your community's profile displayed for your information at the request of the organizations. You are invited to join and participate in our community life through these organizations.

Put your **FAITH** to work every day

There really never was a time when "once-a-week" religion was enough.

But today, in our swiftly moving world, the need is greater than ever to put your Faith to work—all the time.

Think of today's dismaying headlines. Then think of the many ways the world can be made better.

"But I'm only one person," you say.

Yes, But your church or synagogue can become, with your help, a rallying point for change. By joining others who live their Faith, you are no longer alone in your beliefs.

Worship this week—and put your Faith to work all week long.

RELIGION IN AMERICAN LIFE

The Complete Home Remodeling Company

It makes good sense these days to improve the home you have. In fact, the value of your own home is one of your best hedges against inflation. And whatever your remodeling needs are, Taughannock Construction, Inc. can take care of them — from foundation to roof. Just give us a call.

One call, one contractor, one bill, one monthly payment. It's easier, faster, and more profitable for you. Remember, we specialize in being a complete remodeling company, and we stand behind our work.

MY TOWN

My town is the place where my home is founded; where my business is situated; where my vote is cast; where my children are educated; where my neighbors dwell, and where my life is chiefly lived. My town has a right to my civic loyalty. It supports me and I must support it. My own town wants my citizenship, not my partisanship; friendship, not offishness; cooperation, not dissention; sympathy, not criticism; intelligent support, not indifference. My town supplies me with law and order, trade, friends, education, recreation, morals, and the rights of a freeborn American. Therefore, I should believe in my town and work for it.

TOMPKINS CORTLAND COMMUNITY COLLEGE

170 NORTH STREET

DRYDEN, NEW YORK 13053

Telephone (607) 844-8211

Tompkins Cortland Community College, founded in 1967, is located in an entirely new campus along Route 13 in Dryden. All of the functions of the college are housed in a single, multi-purpose structure.

The open space concept of the new campus and the academic atmosphere of TC3 encourage students to participate in a variety of activities they not otherwise investigate. Recreational and creative activities are integrated with and not isolated from the other functions of the school, encouraging a continuous intermix of students, counselors and faculty.

The administration of Tompkins Cortland Community College has developed a program which emphasizes a high degree of flexibility to encourage innovative approaches to education. The versatility of space in the building allows the use of audio-visual learning techniques and ensures a high utilization of teaching areas as needs and responses change and develop. TC3 offers a wide range of career-oriented and university parallel programs for students of all ages interested in immediate employment or in transferring to a four-year college or university.

Tompkins Cortland Community College is deeply committed to providing educational and recreational resources to expand the cultural life of the community at large.

TC3 awards associate degrees and certificates, and is accredited by the State University of New York, the Board of Regents, and the Middle States Association of Secondary Schools and Colleges.

CONNECTICUT MUTUAL LIFE

The Blue Chip Company

**A Senate Subcommittee has just completed a study
of whole life insurance costs in America.
Connecticut Mutual came out second to none for low cost.**

The study, the most comprehensive of its kind, examined costs of the most popular forms of whole life policies issued by 198 of the largest life insurance companies in the country.

With the help of computers, the Senate Subcommittee applied 8 cost measurements, using 1973 data, to three types of whole life policies in different amounts and for people of different ages.

The company that showed up most often for low cost was Connecticut Mutual Life.

We'd like to emphasize that this study does NOT mean Connecticut Mutual has the lowest cost for every policy, at every age. No life insurance company can claim that. In fact, the study does not show which company has the lowest cost in any instance.

But it does confirm what independent, industry-wide studies have shown for the last 20 years that Connecticut Mutual consistently ranks among the lowest cost life insurance companies in America.

So before you buy life insurance from anyone, talk to the Connecticut Mutual agent nearest you.

Good life insurance doesn't have to be expensive.

FOR FURTHER INFORMATION, WRITE DEPT. A, POLICYHOLDER SERVICE, CONNECTICUT MUTUAL LIFE, HARTFORD, CT. 06115.

INDUSTRIAL ITHACA

INDUSTRIAL — Although Ithaca is not primarily an industrial city, it has 62 manufacturing establishments with an employment figure in excess of 7,000; a payroll totaling over \$42,900,000. Cornell University employs 7,000 and Ithaca College 907, and the New York Electric & Gas Corporation 600.

Among the principal products manufactured here are: adding machines, shotguns, research instruments, heat resistant materials, power drive chains, technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, woodworking and dairy products.

A recent development saw the formation of the Cornell Research Park Inc. with several large concerns.

There are sites available for industrial development and several organizations are active in the promotion of industrial expansion within the Ithaca trading area. Inquiries addressed to the Tompkins County Chamber of Commerce, 122 West Court St., Ithaca will bring a prompt reply.

Career Opportunities at **MORSE**

Career bound students can look forward to advancement as MORSE continues to expand operations. A recent graduate has the opportunity to continually upgrade his skills and compensation. The MORSE plantwide job bidding system enables an employee to be considered for advanced jobs. Apprentice Programs provide qualified graduates with training for skilled trades and journeymen jobs. MORSE personnel with leadership qualities may assume management positions.

Qualified students going on to college and universities can look forward to a career with a

growth company. University graduates start their careers in MORSE Sales, Production Management, Engineering and Finance Training Programs. For more about MORSE contact the Industrial Relations Office, South Aurora Street, Ithaca, New York.

MORSE

AN EQUAL OPPORTUNITY EMPLOYER

MANUFACTURING — THERM provides design and machining services with emphasis on high temperature, high strength and corrosion resistant materials. This includes such areas as Gas Turbine Airfoil Blading, Rocket Engine Impellers and specialized customer equipment.

RESEACH — THERM provides analytical and theoretical studies in fluid mechanics on a contractual basis with both industry and government.

HOW MANY CHANGES IN A YEAR?

Out of every 100 People as listed in the last Directory

16% to 18% Move away or die

17% to 19% "New" people move into town or reach listing age.

26% to 29% More change their addresses or their jobs or some other vital fact that affects their listing.

(All that's left that's good)

Making a total of 59% to 66% of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

Do you cash checks?

For cashing a stranger's check, the police department of Tacoma has given sensible rules. The home address should appear on the check and BE VERIFIED BY THE CITY DIRECTORY; this and the name should be checked with the driver's license of the man trying to cash the check; also against his bank book. Signatures should be compared. A LOT OF QUESTIONS AS TO THE MAN'S NAME, HIS WIFE'S NAME, WHERE HE WORKS, WHO ARE HIS NEIGHBORS, ALL HELP and can be verified in the City Directory. If he admits being from out of town, his check is a risk. F.F.L.—For Further Information Use the City Directory!!
