INTRODUCTION AND GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, presents to subscribers and the general public, the latest edition of the City Directory.

The City Directory is a mirror truly reflecting the community to the world. It instills in the user confidence in the continued growth of industry and wealth of the community and pride in its civic and social advancement.

MANNING'S staff of experienced personnel and the courteous and hearty cooperation of business and professional persons and residents has firmly established our reputation as publishers of the very best in directory service. This source reference of authentic information about your community and its residents will become an indispensable part of your library.

FIVE MAJOR DEPARTMENTS

The five major departments are arranged in the following order:—

I. THE DESCRIPTIVE SECTION is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys, deluxe advertising displays, and indexes.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the only complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding the catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes, the indication of telephone subscribers at homes and places of business, and the phone number if available.

V. THE NUMERICAL TELEPHONE LOCATER on green paper, is the fifth major department. All available listed phones for the area covered in this directory are arranged by exchanges and under each exchange, in numerical order with the name of the phone holder indicated. Issued as a separate booklet.

COMMUNITY PUBLICITY—The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

PUBLISHERS' NOTE — The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request bringing to their attention of any inaccuracies so that it may be corrected in the next edition of the Directory.

Some people are so busy working for their future they never have time to plan for it.

If you average \$20,000 a year over 45 years, some \$900,000 will pass through your hands. And if you're like all too many people, very little of that money will stay with you.

One reason for this is the all too human tendency to worry far more about meeting today's expenses than tomorrow's.

Until you wake up one morning and discover that the future you never planned for is upon you.

We at Connecticut Mutual can help. We believe that people who work hard for the better things in life deserve every chance to enjoy them. That's why we've developed many plans to help you guarantee your financial future. And to give you more security in the present, as well.

We know life insurance isn't the only way to do this. But it's one way, and one of the best.

Call for more information.

That way, you'll have a better chance to enjoy the kind of future you're already working for.

The only security you have in life is the security you create for yourself.

TOMPKINS COUNTY

Compiled by H. A. Manning Co. for the Ithaca City Directory with the assistance of the Tompkins County Chamber of Commerce.

LOCATION The City of Ithaca, located in the heart of the Finger Lakes Region of Central New York State at the head of Beautiful Cayuga Lake, is famous for its educational institutions, its position as an agricultural center of the northeast United States, its rugged and picturesque scenic beauty, and its many progressive industries.

Known far and wide as the home of Cornell University and Ithaca College, Ithaca is noted for its culture and refined atmosphere in all activities of business and social life.

Its latitude is 42 degrees 27 minutes north and its longitude is 76 degrees 29 minutes west. Situated in the center of the Southern Tier of New York State, it is 240 miles southeast of New York City, Boston is 350 miles east, Albany 175 miles east, Buffalo 150 miles northwest, Rochester 88 miles northwest, Elmira 35 miles southwest, Binghamton 50 miles southeast and Syracuse 55 miles northeast.

TOPOGRAPHY Ithaca is in a land of lakes and hills, deep ravines and towering cliffs, waterfalls and cataracts. The city itself is bordered on three sides by hills cut through by the deep gorges of Six Mile, Cascadilla and Fall Creeks which abound with cascades and waterfalls, and on the fourth side by Cayuga Lake, all providing a most picturesque setting. Climate ranges in temperature from an average minimum of 26 degrees to an average maximum of 69 degrees. This comparatively close range of minimum and maximum temperatures results from Ithaca's enviable position at the head of 40-mile long Cayuga Lake. The elevation of the lake, the lowest point in the city, is 383 feet above sea level and the Cornell Campus, the highest part of the city, is approximately 800 feet above sea level.

HISTORICAL Ithaca was settled in 1789, ten years after the visit of a detachment of 200 men commanded by Col. Dearborn from the expeditionary force of General Sullivan first visited the area on September 23, 1779. It was named Ithaca by Simeon DeWitt, Surveyor General under Washington in 1795, after the ancient Greek island of Ithaca. Incorporated as a village in 1821, it was chartered as a city in 1888 and has been the county seat of Tompkins County since the county's formation in 1817. In days long past, Ithaca was a center of inland water transportation as well as the salt center of New York State.

POPULATION Ithaca's metropolitan area, has a population, according to the 1975 census of 58,575. This includes the City of Ithaca, Village of Cayuga Heights, Ithaca Township, and the students of Cornell University and Ithaca College. As in many communities, extensive growth has been seen in the population outside the central city. Between 1900 and 1973 the city population increased from 13,150 to 28,000 or over 100%. The student population in 1900 was slightly less than 3,000, today there are nearly 23,000.

Ithaca's 1973 population (28,181) is about 87% native born white, and 5% black and 8% foreign born.

Tompkins County, according to the 1970 federal census, had 77,100 inhabitants, including students. Today's population is 88,000.

MERCANTILE Ithaca is a trading center of some 100,000 persons and has stores comparable with those of cities much larger. Because of the University population and a community education to want the best, retail stores carry merchandise equal in variety and quality to stores in leading eastern cities. In Tompkins County there are over 700 retail stores, employing over 4,000 persons with annual sales in excess of \$220,071,000. There are also over 70 wholesale houses with annual sales of over \$33,500,000. About 750 service trade establishments are also located in Tompkins County. There are about 300 professional offices located within the city, and seven shopping centers.

Among the principal products manufactured here are: computer terminals, shot-guns, research instruments, heat resistant materials, power drive chains,

technical mirrors, precision machine tools, scientific instruments, salt, photo engraving, books, magazines, woodworking, and dairy products.

The Cornell University Industry Research Park, located near the airport, serves several large concerns which enjoy a virtual partnership with the union in promoting many kinds of research.

THERM INC., ITHACA N. Y
