## REGIMENTS INTO WHICH ENLISTMENTS OCCURRED.

[This Table (which is a summary of the preceding pages) does not show the total number of enlistments by counties or regiments, but only those living at the time the Census was taken, as reported by the families to which they belonged. Those who had died in the service, or from wounds or disease acquired in the service, will be given in a subsequent table. Non-resident recruits in New York regiments, and those without families to give statistics in their absence, are necessarily omitted. The deficiencies were further increased by the neglect, inability or unwillingness of families to give information.]
