For Reference

Not to be taken from this room

¶ It is an *art* to do a certain thing well. It requires an *artist* to frame a picture well. It requires an *artist* to design monograms, address dies, calling cards, etc. It needs a person *well-posted* in the literature of the day to intelligently inform you of the leading books on any subject. It needs a person *familiar* with various makes and finishes of paper to aid you in selecting the right thing ∴ ∴ ∴ ∴ ∴ ∴

¶ It is always our aim to lead; we keep men in our employ who can aid you in selecting your various needs in our lines. They will do this in a way to please you. And the prices are always right or we make them so. **THE CORNER BOOKSTORES.**

# STREET-BY-STREET INDEX

## TO

# TELEPHONE SUBSCRIBERS

in the city of  
ITHACA, NEW YORK.

This index enables you to talk with any person in Ithaca, if you know his address. If he has no telephone, a glance shows you the number of the nearest telephone on the same street.

In using this index remember that the Bell numbers are on the left in the table and the Ithaca numbers are on the right, the street numbers being in between. The letter most used on the Bell lines is B and the letters most used on the Ithaca lines are C, X and Y. \*Indicates student, †indicates business office; business offices of our advertisers are in bold type.

## Morris Canoes

Are made in the largest plant in the world devoted to canoe building.

They are staunch, safe, finely finished and of unequalled durability.

Get the Morris catalogue before buying your Cayuga Lake canoe.

# ALPHABETICAL INDEX

## TO

# TELEPHONE SUBSCRIBERS

in the city of  
ITHACA, NEW YORK.

The purpose of this index is to show at one glance the telephone equipment and connections of any office or residence in Ithaca. When the line of one company is busy, time may be saved by keeping this book open and calling your party on the line of the other company.

In using this index, remember that the Bell numbers are on the left of the names, and the Ithaca numbers are on the right. The letter most used on the Bell lines is B, and the letters most used on the Ithaca lines are C, X and Y.

\*Indicates student; business offices of our advertisers are in bold type.

## Warmth Without Wealth

Attend to your house heating now. Don't wait until Winter winds blow. It's safer and cheaper now. Our facilities for repairing or renewing steam or hot-water heating, radiators, pipes, valves, etc., are exceptionally good. We are experts at new installations, changing from stoves to furnaces rapidly, cheaply and effectively. Steam or hot-water heating saves coal, health, labor. It's safer, quicker to heat, gives a steadier heat and removes the dangers of fire. If we do it, it's right and guaranteed.

# Some Take Water

but we don't—not in the Plumbing business. We claim to do the most thorough, perfect, clean and satisfactory Plumbing work of any concern in the town, and we back up our assertion by proving it! We construct new Plumbing work, of course, whether it be for a single room or a row of houses; but we are also expert repairers, and we don't give the joke-maker an opportunity to have fun at either delays or charges. "Honest work at an honest price" is our motto.

# MARLIN

THE *Marlin* RIFLE, Model 1892, .32 calibre, is the best rifle made for exterminating pests and tormentors about a place, as rats, weazels, woodchucks, etc., also for a companion on your vacation trip, combining the good points of the old muzzle-loading squirrel rifle with the convenience and rapid fire of the most improved repeater. It is so constructed that the same rifle uses the following cartridges: .32 short and long rim-fire, .32 short and long center-fire, and is the only repeater made using rim-fire cartridges larger than .22 calibre.

The short cartridges are just the thing for small game while the long ones kill animals of fair size easily. On the first 2000 cartridges used you have saved the cost of a *Marlin*.

New *Marlin* Catalog—and our Experience Book that tells what *Marlins* are doing the world over—Free, for 6c. postage.

# DOLCEOLA

## A MINIATURE GRAND PIANO

*Played with keys like a piano and having a similar action.*

The DOLCEOLA'S captivating harmony and original construction, gives it instant popularity and the hearty endorsement of musical experts everywhere.

It is endorsed by leading musicians everywhere, as well as by the nobility of Europe.

FROM A MUSICAL AUTHORITY OF NEW YORK:—"I consider it an instrument of great merit. It will be of great assistance in preparing beginners for the piano."—Albert Gerard-Thiers.

Charles K. Harr's, author of "After the Ball," says: "My children are learning it without an instructor."

The Princess of Isenberg, Darunstadt, Germany, says: "I have received the DOLCEOLA, and am delighted with it."

The DOLCEOLA, with its four full octaves, embodies the exquisite tone value of two guitars and two mandolins. Its action, while similar to that of the piano, is quicker and more simple, permitting effects impossible with the larger instrument. Any class of music can be played. Music lovers are delighted with it. You must have one.

# LET ME DO YOUR COOKING

Why worry, watch and fret over a hot stove when you can put your meat, vegetables, custards—in short, the whole meal for the whole family, into my ample shelves and cook it, as food never was or can be cooked in any other way, over ONE BURNER of stove, range, gas, gasoline or oil stove?

I come in both round and square shapes — both kind have whistles.

Prices, \$2.00, \$2.50 \$3.00, \$4.50 up.

No watching; no basting; nothing overdone nor underdone. I am the

THE ENGINEERING AGENCY (Inc.), of Chicago, has been established since 1893 (14 years) as a bureau engaged in recommending technical men exclusively to high-grade employers. An annual fee of \$2.00 is charged to insure good faith on the part of the applicant and to pay for keeping the record constantly up to date. A Weekly Bulletin, listing all positions, is mailed every Monday night to subscribers of the same (subscription price \$2.00 per year in addition to membership).

¶ No application is accepted unless we are reasonably certain that position can be secured.

¶ We have the complete co-operation of the technical press and the engineering schools.

¶ Every engineering graduate should be a member of our bureau constantly. We make it our business to help our members to advance, not only now but in years to come.

¶ Write for Professional Record Form and copy of Bulletin.
