RURAL INDEX & "Compass System" MAP

with

LOCALIZED ALMANAC

WHO Created *Rural Index & Map* and Made It Available To
You, Your Family and Your Neighbors?

In a large measure, Rural Index & Map was created and made available by many farmers, farm leaders, farm organizations and others who voiced the belief that it was time to "put the farmer on the map." His "rural route" address reveals practically nothing as to the exact location of his farm.

RURAL INDEX & MAP is, also, a result of the cooperation of rural educators, business men and county officials. As well as being a directory of names and "compass" addresses, it is, in effect, a Year Book of rural Tompkins County—as you will not upon examining its contents.

Thanks are due, largely, to the advertisers who made its actual publication possible.

You may readily realize, the revenue derived from the sale of advertising space provides the funds for supplying you with Rural Index and Map service.

We suggest that you tell the advertisers that you are glad to receive RURAL INDEX & MAP. Give them your consideration when you need such merchandise or service as they advertise.

On behalf of the advertisers, therefore, we present this book—without charge—to each rural home located outside the village limits in Tompkins County. (Copies are available elsewhere at one dollar for a set of RURAL INDEX and one MAP.)

Know that you will welcome its arrival; that you will give it a permanent place in your household and consult it frequently for the wealth of information it contains.

For
EXPLANATION
of the
"Compass System"
See Page 8

We express our appreciation to the Tompkins County Farm Bureau, to the Grange, to the officials of the Ithaca, Groton and Trumansburg Chamber of Commerce, to the DeWitt Historical Society of Tompkins County, and to all others who have cooperated to make this publication possible.

—RURAL DIRECTORIES, INC.

BOARD OF ADVISORS

C. C. CARPENTER
Prof. Botany, Syracuse University
EDWARD S. FOSTER
General Secretary, N. Y. State Farm Bureau Federation
W. E. GEORGIA
N. Y. State Director, Farm Security Administration
JOHN H. POST
Director of Welfare, City of Ithaca, N. Y.
DWIGHT SANDERSON
Prof. Rural Social Organization, N. Y. State College of Agriculture
HUGH J. WILLIAMS
Executive Director, Tompkins County Development Assn.
PAUL WORK
Prof. Vegetable Crops, N. Y. State College of Agriculture
The above board serves voluntarily without compensation.

If you do this, Rural Directories, Inc. shall feel that this service to your community is worthy of the financial support given by its advertisers—and worthy, too, of generous encouragement and guidance volunteered by many individuals who are interested in and closely identified with the rural communities of New York State.

Table of Contents

Brief Description of Contents

YOU will get more pleasure and practical value out of Rural Index if, at the start, you understand that it is far more than a list of rural residents and their "compass addresses." It contains:

1. A **LOCALIZED Almanac**—listing historical events of primary interest to citizens of Tompkins County.
2. A **Monthly Farm Record**—providing a convenient memorandum space for such notations as the daily egg record, etc.
3. A list of names and addresses of officers of various Tompkins County farm organizations and County Officials.
4. A **Breeding Record and Gestation Table**.
5. A **Classified Business Directory**.
6. **"Compass System" Map**.
7. A list of directions for obtaining N. Y. State College of Agriculture bulletins. See note below.

Who Created Rural Index & Map	1
Board of Advisors of Rural Directories, Inc.	1
Monthly Almanacs	3, 4, 6, 12, 14, 16, 20, 22, 24, 30, 32, 34

Note Carefully

All rural homes—located outside towns, villages and non-agricultural areas—whether occupied or not, are indicated on the "Compass System" Map. For every *occupied* home, the name of the *head* of the home is listed. An asterisk (*) in front of a name indicates that the person is married.

If you do not find the full name of the person for whom you are looking, look for the name of some other member of the household who may be considered the head of the family.

See Page 8 for an explanation of the "Compass System"

QUALITY INSURANCE

Of course, there is such a
 thing as high quality and
 low quality insurance—just
 as there is in every other
 service or commodity.

The danger, however, lies in
 the fact that inferior insur-
 ance is worse than worth-
 less. It fails at the critical
 point . . . the point where
 you suffer a loss.

When you need protection
 there is only one kind to
 buy. That's *sure protection*.
 If you will let us consult
 with you regarding your in-
 surance requirements, you
 need have no fears on that
 score. Call . . .

- Be modern, practical, and COOPERATIVE with your farm neighbors.

KNOW THE "COMPASS ADDRESS"

when you want to indicate the EXACT location of a rural home.

To the left: Aerial View taken near Taughannock Falls State Park, Trumansburg. (Camera pointed west.) Radial and circular lines have been superimposed on the photograph to illustrate the "Compass System" of locating rural homes.

Below: Section of Tompkins County "Compass System" Map for part of area shown in photograph above.

This section of a typical county "Compass System" Map shows how the county is divided into zones, each having a city or village as its center. Radiating from this center are eight lines, dividing the surrounding area into zones designated by the four main and four intermediate points of the compass. Concentric circles, a mile apart, divide the spokes into blocks which are designated as 1NW, 3SE, 2S, etc. ("3SE" indicates a block that is three miles south east of the center from which it radiates.)

the Compass
IS THE KEY

LEGEND

	HIGHWAYS
	IMP. ROADS
	DIRT ROADS
	RAILROADS
	HOUSES
	COMPASS CENTER

EXAMPLE

John Doe, 3E Trumansburg 12V

It's simple to locate the rural home when you

Know the "Compass Address"

The figure "3" represents the number of miles from the compass center, (Trumansburg in this example). Letter or letters following it refer to the compass direction from the center, East in this case. The number following the name of the compass center is the house number and

the letter is the road letter. All roads in the county are lettered and every farm house is shown on the map by its number. From the example, then, we see that Mr. Doe lives three miles, East of Trumansburg in house number 12 on "V" road. This definitely locates his farm on the map.

ONLY PYROFAX GAS SERVICE ASSURES YOU OF

1. UNIFORMLY HIGH QUALITY GAS

It burns with a constant, clean blue flame and always at *maximum* efficiency.

2. FREE GUARANTEED SERVICE

to Pyrofax Equipment and cylinders . . . specified in black and white in your gas contract.
