Each newspaper was assigned a number to identify it in the index. The letter B underlined was assigned to indicate that the information in the newspaper is about a birth. M is for marriage, D for death and A for anniversaries. P is for parent and S for spouse. A was also used for some reunions or birthday celebrations that gave quite a bit of genealogical information.

The newspapers are on microfilm and are available at the Tompkins County Public Library, Cornell University Library and the Ulysses Philomathic Library in Trumansburg. There are bound issues of some of the newspapers at the Ulysses Historical Society in Trumansburg.

This index would not exist without the assistance of a number of helpful people. I am grateful for their help. They are Rosie Rice, Terry Harbin, Diane Bassette Nelson and William Weitzel. If you find mistakes that can be corrected please let me know.
